

POPE BENEDICT XV PASSED AWAY TODAY

CONDITION HAD BEEN REGARDED CRITICAL FOR PAST TWO DAYS

WAS NOTED FOR HIS GREAT GENEROSITY

All Hope Was Abandoned at Midnight Saturday—Took up the Duties of Pontiff in 1914—World War Greatly Grieved Him—Was Man Possessed of Great Ability

ROME, Jan. 22.—Pope Benedict's death occurred at 6 o'clock this morning. The end had been expected for several hours. The attending physicians, Cardinal Gasparri and other members of the pope's household are present at the bedside. From midnight all hope had been abandoned and at 2 o'clock Dr. Battistini announced that the pope could not live longer than four hours at the maximum.

PROPOSAL OF BROTHERHOODS IS ACCEPTED

Railway Executives Will Discuss Wage Question

CHICAGO, Jan. 21.—Members of the Association of Railway Executives today accepted the proposal by the four brotherhoods of train service employees that their wages and working conditions be negotiated on a territorial basis. Resolutions accepting the proposal favored the appointment of regional committees to meet with the four train and engine service brotherhoods in a fair effort to compass and adjust all points now at issue no restrictions to be imposed upon the consideration of any and all questions of wages and rules governing working conditions. If a mutual understanding is not reached at regional conferences the matter is to be referred to the railroad labor board as has been done in the past. The resolutions provided that territorial in addition to the eastern southern and western, may be established as roads in such territories so desire or the railroads may deal directly with their employees. No action was taken today to name the committees to deal with the brotherhoods, this matter being left in the hands of the various territorial organizations. Some railroads have already placed petitions for reduced rates before the railroad labor board following failure to reach an agreement with their employees and other roads are ready to submit petitions, railroad officials said today. These petitions can be withdrawn if it was stated, if regional conferences result in satisfactory results, or the railroads can proceed with their plans to reduce rates by submitting the question to employees so they will be in a position to carry their requests to the labor board in case the conferences are unsuccessful. The four transportation brotherhoods involved in the bargaining are the Brotherhood of Locomotive Engineers, Brotherhood of Locomotive Firemen and Engineers, Order of Railway Conductors and the Brotherhood of Railroad Trainmen and constitute a practically one-fourth of the railway employees of the country. Today's action followed meetings held in Washington recently of railway executives and representatives of train service organizations with Secretary of Commerce Hoover.

THE WEATHER

CHICAGO AND VICINITY.—Generally fair and much colder Sunday, with cold wave; zero temperature Sunday night or Monday morning; Monday, fair and cold. ILLINOIS—Fair and colder Sunday; much colder in north and central portions; Monday, fair and cold. MISSOURI—Fair and colder Sunday; cold wave in northwest portion; Monday, fair and cold. IOWA—Fair and colder Sunday; cold wave in east and south portions; Monday, fair; not so cold by afternoon in northwest portion. WISCONSIN—Fair and colder Sunday; cold wave in east and south portions; Monday, fair and cold. INDIANA—Generally fair Sunday and Monday much colder. TEMPERATURES.—The current, maximum and minimum temperatures as recorded Saturday are: Jacksonville, Ill. 24 31 13 Boston 32 32 28 Buffalo 26 26 22 New York 34 36 32 Jacksonville, Fla. 74 78 62 New Orleans 56 60 20 Chicago 24 30 20 Detroit 24 30 20 Omaha 28 38 12 Minneapolis 4 20 2 Helena 20 22 22 San Francisco 48 50 22 Winnipeg -18 -12 122

HIGHWAY OFFICERS ELECTED IN CHICAGO  
Chicago, Jan. 21.—E. R. White of Ames, Iowa, was elected president, and M. W. Watson of Topeka, Kansas, secretary of the Mississippi Valley Highway Officials' association at the annual meeting here today.

LONDON GRIEVES OVER REPORTED DEATH OF POPE

Revealed Report That Was Circulated Thruout Europe

LONDON, Jan. 21.—All London went to bed tonight in the belief that the Pope had died in the afternoon. The report appears to have been circulated thruout Europe and was accepted by church and civil officials as true. The German reichstag suspended proceedings, while President Loeb delivered an eulogy on the Pope. All the London evening newspapers published extra editions announcing the death of the Pontiff and the first editions of Sunday papers sent to the provinces contained that report. The report of the Pope's death emanated here from Cardinal Bourne's residence, Westminster Cathedral shortly before 6 o'clock in the evening. A member of the cardinal's staff notified all the English press agencies that the cardinal had received official news of the Pope's death, and confirmed this to all who made special inquiries. The bells were tolled at Westminster and the Southwark Catholic Cathedral and announcement of the death was made from the pulpit of the latter church, followed by a requiem mass. Late at night the cardinal's chief secretary informed the news agencies that the information communicated to them that the cardinal had received an official report of the Pope's death was incorrect. It was impossible to obtain an explanation of the mistake. The news was circulated thruout Ireland and Cardinal Logue, primate of all Ireland, expressed deep sorrow. Cardinal Bourne announced that he was starting for Rome tomorrow.

Pope Benedict XV, the 259th successor of St. Peter as supreme head of the Roman Catholic church, began his pontificate on September 6, 1914, soon after Europe entered upon its four years of war. Upon many occasions during the war he endeavored to bring the belligerent nations to a peace agreement and thus to maintain the title which had been affectionately bestowed upon him by a high dignity of his communion as "a messenger God sent to bring peace." The war between Italy and Austria, in both of which peoples of the Catholic religion predominated, was particularly a great sorrow to the Pope. Those near him said he deplored the German violation of Belgium. When the Lusitania was sunk he telegraphed to the then Emperor William his abhorrence of a deed which had shocked the world. The successor to Pius X was said to have combined the statesmanship of Pope Leo XIII with the grace of his immediate predecessor. He endeavored, it is said, to carry out the ideals and policies of those two great churchmen. But the world which broke the heart of Pius X, saddened the first four years of his pontificate and prevented the fulfillment of some of his aspirations. One of the incidents of his pontificate was the visit which President Wilson paid to him on January 4, 1919, when the president went to Rome prior to the opening of the Peace Conference at Paris. Social and treaty questions were discussed, it is said, during the private audience at the conclusion of which Pope Benedict presented to his guest a handsome mosaic reproducing Guido Reni's famous picture of Saint Peter, valued at \$40,000. (Continued on Page Five.)

HOT WATER BOTTLES USED FOR MOONSHINE

HAIRSBURG, Pa., Jan. 21.—Use of hot water bottles for liquor transportation was discovered by local prohibition enforcement agents said today when Frank Lochbaum of Chambersburg, lost the check for a suit case which he had left at a railroad check room in Chambersburg and was forced to describe the contents in order to obtain his property. Lochbaum was arrested when an officer heard him describing the contents of the case. Five hot water bottles, each filled with liquor the officers said, were in the suit case which Lochbaum told them he was taking from Roanoke, Va., to Chambersburg. The news was circulated thruout Ireland and Cardinal Logue, primate of all Ireland, expressed deep sorrow. Cardinal Bourne announced that he was starting for Rome tomorrow.

TREASURY BILL PASSED BY SENATE

WASHINGTON, Jan. 21.—The treasury appropriation bill the first of the annual appropriation measures, was passed today by the senate, carrying \$120,722,000 as compared with \$118,806,000 authorized by the house. Included was \$9,250,000 for enforcement of prohibition and a new provision authorizing the government to concentrate bonded liquor in a few warehouses to save expense of guarding. The bill now goes to conference.

BODY OF FAIRMOUNT CITY MAN IS FOUND

East St. Louis, Ill., Jan. 21.—The body of a man found near the railroad tracks on the outskirts of the city early today with a wound from a blunt instrument in his head was identified this afternoon as Ruman Moriwasky, 45, a laborer of Fairmount City, Ill. A woman who was seen walking with him last night is being sought.

CHICAGO OPERA COMPANY GOES EAST

Chicago, Jan. 21.—The Chicago Opera company tonight gave its final performance of the local season and departed for New York where two special trains for a five weeks' engagement which will open Monday.

HARRISON MAKES AN ATTACK ON THE ADMINISTRATION

Says It is Hostile to Agricultural Interests

(By The Associated Press) WASHINGTON, Jan. 21.—President Harding, Secretary Weeks and other Republican leaders were today declared by Senator Harrison, Democrat, Mississippi, to be hostile to agricultural interests and to be aiming to destroy the agricultural block in the senate.

The administration's main fight now, said Senator Harrison, who is a member of the agricultural bloc, "is against the agricultural group for fear it might out thru some beneficial legislation for the farmers." The Mississippi senator also attacked the emergency tariff declaring it was an "absolute failure" and contending that prices of farm products had decreased after its enactment. This statement was challenged by Republican senators.

President Harding's recent address to congress in which he deplored group legislation Senator Harrison said, was "aimed from start to finish against the agricultural bloc of the senate." A "reaction" to this speech was immediately registered by farmers he added and to get "from under" President Harding called the agricultural conference which will convene here Monday. The conference, the senator said, was "camouflage." Senator Harrison suggested that the opposition to the agricultural bloc was borne of resentment against success of the bloc's activity in forcing revision of the recent revenue bill.

Declaring that "what the American people want is less conferring and more action," he declared that the president's unemployment conference had accomplished little.

Attacks Emergency Tariff. When Mr. Harrison attacked the emergency tariff law, Senator Bursum, Republican, New Mexico, declared that sheep prices had increased about 100 percent and wool prices fifty percent with the assistance of that law.

Senator Lenroot, Republican, Wisconsin, also took exception to Senator Harrison's suggestion that Republican senators were not interested in the farmers' welfare and Mr. Harrison agreed that in the joint congressional inquiry there had been no partisanship and that Republican members had manifested as much interest as Democrats in behalf of the farmer. Action by congress to aid the farmer was demanded by Senator Harrison, who declared, turning to the Republicans, that "the country is thoroughly disgusted with you doing nothing policy and no program policy."

Senator Bursum interjected that "right now is the time for less talking and more action." Secretary Weeks made an address against the bloc, Mr. Harrison declared, was "evidently as the spokesman and mouthpiece of President Harding and the administration."

Senator Harrison emphasized that the speech of Secretary Weeks and one recently by Senator Moses, Republican, New Hampshire, were made in N. Y. City. He referred to Senator Moses as an "apostle and eloquent mouthpiece of another bloc—a better oiled and greased bloc—the manufacturers' bloc."

APPEAR AT IRISH WORLD CONFERENCE

Parrs, Jan. 21.—Eamonn DeValera, Countess Markievicz and Miss MacSwiney put in an unexpected appearance at the first informal meeting of the delegates to the world conference of the Irish race today. They were given an enthusiastic welcome. Formal proceedings of the congress will be opened tomorrow by Thomas Hughes Kelly of New York, general secretary of the conference.

Twenty nations, with European envoys of the Sinn Fein organization were represented at this afternoon's informal reception.

LODGE MAKES ADDRESS BY RADIO

Washington, Jan. 21.—An address by radio was made here tonight by Senator Lodge of Massachusetts, one of the American delegates to the armament conference to the Radio Club in session at Lynn, Mass. Accomplishments of the conference were recited by Senator Lodge who was seated in his Massachusetts home with his telephone connected with the Arlington wireless station.

BRIEFS TWO AMERICAN RESOLUTIONS ARE ADOPTED

Deal With Open Diplomacy and the Open Door

(By The Associated Press) WASHINGTON, Jan. 21.—Two more American resolutions based on the principle of open diplomacy and an open door of commercial opportunity in China were adopted today by the Far Eastern committee of the Washington conference.

The proposal for a showdown of all international agreements affecting China's interests, proposed Thursday by Secretary Hughes was given committee approval only after it had been freighted with upwards of a score of amendments. Under a supplemental declaration proposed by Elihu Root and accepted with little debate the powers agree not to support in the future any engagements entered into by their nationals designed to create special spheres of influence or exclusive opportunities within Chinese territory.

Taken together the two decisions were hailed in American quarters as insuring a new era of open dealing and fair play in all that pertains to China's economic development. By the Chinese delegation however, they were not received with any enthusiasm, one Chinese spokesman saying that his colleagues on the delegation were not "very well satisfied" with the final form of the much amended proposal for treaty publicity.

Among the Japanese the intent and substance of the publicity resolution were given warm approval, but grave doubts were expressed as to the possibilities of its practical application to engagements and contracts made in China by private individuals. As adopted the Hughes proposal provides that the powers other than China agree to compile lists of their own commitments and those of their nationals in China and to forward the texts of these agreements to the secretary-general of the Washington conference as soon as convenient. Future agreements of the same character must be similarly filed within sixty days after completion. In two additional articles, China agrees to be bound by the same stipulations as to informing the other powers and nations not represented here, invited to adhere to the arrangement.

Point Stressed By Chinese. A point stressed by the Chinese in their criticism of the final form of the agreement was that it contains no provision for filing any contracts other than those to which one of the signatory governments or its local authorities are party. In committee revision of the resolution a change also was made in the scope of the publicity pledge by eliminating a provision which many delegates regarded as closing the door against future assertion of government support for any contract not included in the proposed lists. In the original text the powers have been required to list all engagements of private individuals, on which their respective governments propose to rely, but in the final draft this qualifying clause is omitted, leaving only the stipulation that the lists must be "as nearly complete as may be possible."

The committee also modified a provision that all public utility concessions involving an obligation of more than \$1,000,000 silver on the part of Chinese authorities must be included in the list.

WOMAN TIED ON FRONT PORCH  
Quincy, Ill., Jan. 21.—Mrs. Leo Ridge wife of a barber at Brainerd, Mo., near here, was found on the front porch of her home last night badly beaten and her hands and feet tied, by Anderson Crabtree and wife, whose home she had visited a short time before. The interior of the Ridge home gave evidence of a desperate struggle. It is expected she will recover. Bloodhounds were sent for this morning but lost the trail because of the melting snow.

MINERS VOTE \$100 TO DEFENSE FUND  
Columbus, O., Jan. 21.—The United Mine Workers of Ohio before concluding their five day convention today voted \$100 to the defense fund of Sacco and Vanzetti, who are under conviction in Massachusetts for murder in connection with a payroll robbery. No action was taken on a wage scale to supplant that which expires Feb. 1.

GOLF ASSOCIATION OFFICERS ELECTED

(By The Associated Press) CHICAGO, Jan. 21.—Officers were elected tonight at the annual meeting of the Western Golf association and after informal discussion, it was decided to let the present rules as adopted by the Western Association stand despite a plea for uniformity by officers of the United States Golf association at its meeting last week. Authority to change the rules in the Western association is vested in the executive committee and any action that is deemed advisable may be taken later by this body. The officers elected were mostly incumbents, including President Albert R. Gates, of Chicago. The other officers follow: Vice-President Charles O. Pfeil, Memphis; secretary, W. W. Harles, Chicago; treasurer, E. S. Rogers, Winnetka, Ill.

IOWA TRAVELLERS WANT LOWER R. FARE  
Des Moines, Iowa, Jan. 21.—The forty fifth annual session of the Iowa State Traveling Men's association in convention here today adopted resolutions calling upon Senators Kenyon and Cummins and Representative Dowell to use every effort to secure a two and one half cent passenger railroad fare.

FIVE DAY PROGRAM HAS BEEN OUTLINED FOR THE CONFERENCE

National Agriculture Conference Will Meet Monday to Study Conditions and Also to Suggest Remedies for Relief—The European Situation Will Also Be Discussed

(By The Associated Press) WASHINGTON, Jan. 21.—Five days have been allotted to the National Agriculture Conference which meets here Monday to study the conditions of the farmers of the United States and suggest remedies to meet the situation. The program made public today by the agricultural department showed that the present acute distress of the farmers is to be given first consideration after which the conference will take up consideration of a permanent agricultural policy designed to avoid periods of depression such as at present faces the farmers. President Harding will open the conference Monday and will be followed by Secretary Wallace who will outline the purpose of the gathering. Representative Anderson, Minnesota, chairman of the joint congressional commission of agricultural inquiry, then will speak on agricultural prices and the present situation. The present agricultural situation and suggested remedies will be presented Monday afternoon thru reports from representatives of the leading agricultural regions. E. B. Cornwall, of Middlebury, Vermont, will present the situation in the northeastern states; James A. Morton of Athens, Ga., will speak for the south. A. Sykes of Ida Grove, for the Corn Belt; John H. Hagan, of Deering, North Dakota, for the wheat regions and Fred Bixby of Long Beach, Calif., for the range country. Representatives of allied industries will follow with ten minute discussions telling of the effect of agricultural depression on other industries. The European situation in its relation to American agriculture will be discussed Tuesday by G. F. Warren of Ithaca, New York, followed by Eugene Meyer, Jr., managing director of the war finance on the financial emergency in agriculture. The financial policy in its relation to price levels will also be discussed Tuesday by Wesley Mitchell of New York. Beginning Tuesday the afternoons will be given over to committee meetings into which the conference is expected to divide along the general lines of production, financing, transportation and marketing. General Session in Morning. The mornings will be taken up with general sessions of the conference. Discussions from the floor on the five minute rule will be permitted at the close of each conference session. Fundamentals of co-operative marketing will be outlined to the delegates Wednesday by G. Harold Powell of Los Angeles, and the position of the independent distributor by William L. Wagner of Chicago. E. D. Ball of the agricultural department on Thursday will discuss the subject of a food supply for an increasing population and Gifford Pinchot of Harrisburg, Pa., a national forestry policy. At the same session Richard T. Ely of Madison, Wisconsin, will discuss a national policy of land utilization and R. A. Pearson of Ames, Iowa, a national policy for agricultural research. Committees of the conference are expected to have their reports ready for submission Thursday and Friday.

STEEL INDUSTRY ASKS REMOVAL OF FREIGHT INCREASE  
Officials Appear for Commission on Saturday  
(By The Associated Press) WASHINGTON, Jan. 21.—The steel industry asked the interstate commerce commission today in its investigation into transportation rate levels to renew entirely the forty percent increase in freight rates granted thruout eastern territory in August 1920. This is the greatest reduction so far requested by shippers since the commission reopened the general rate question. Spokesmen both for the United States and steel corporation and independent producers joined in suggesting the 40 percent decrease. L. C. Billy, traffic manager of the Carnegie Steel company, a steel corporation subsidiary, asserted that the steel products have long borne and are still bearing more than their proper share of transportation shares. F. A. Ogden, for Jones and Laughlin, independent producers and H. C. Crawford, for the Cambria Steel company of Philadelphia joined him in asking the removal of the forty percent. Mr. Ogden declaring that the step would result in "stimulation of business, greater operation of iron and steel mills increased traffic for the railroads."

John A. Topping, chairman of the board of the Republic Iron & Steel company, speaking for independent producers declared that "normal conditions cannot be restored in the iron and steel industry unless substantial reduction charges is effected." The commission heard also concluding statements by coal representatives and a plea for lower rates on metallic ores in the west. An order was issued by the commission today admitting representatives of labor organizations to the investigation, setting February 10 and 11 as the dates for hearing the workers. By other changes in the advance schedule livestock and packing house product rates will be considered February 21.

CHARGE USE OF MAILS TO DEFRAUD

(By The Associated Press) CHICAGO, Jan. 21.—Charles M. Mayer, said by federal authorities to have advertised in magazines and thru the mails, soliciting the patronage of persons, who desired to do sewing and knitting at home and who promised to deliver the material after receiving \$1, was arrested today. During the last six months Mayer and three others named on warrants, Mrs. Mayer and Julius P. and Mrs. Bernstein are said to have received about one hundred and fifty letters a day, all containing a dollar from persons in all parts of the United States and failed to deliver materials.

CUPLE FOUND BROWNED WERE MAN AND WIFE

LYNBROOK, N. Y., Jan. 21.—The bodies of an elderly couple found recently in East Rockway canal each with a sandbag around the neck, were identified today as those of Henry Hilary Bell and his wife, Elizabeth of this village. Mr. Bell's body was found December 12. His wife's was discovered January 13.

Another cause for a little optimism is the good that the blanket of snow doing the wheat. The white covering gives promise of a better yield for next summer, and if the yield is good the farmer can take chances on the price.

A PICTURE YOU WILL REMEMBER LONG AFTER OTHERS ARE FORGOTTEN.

WARNER BROTHERS Present  
**"WHY GIRLS LEAVE HOME"**  
Adapted from the Noted Stage Success

SCOTT'S THEATRE  
Mon., Tues. Wed. and Thurs.  
Jan. 23, 24, 25, 26

When you think of it, just what real use does a woman have for a \$850,000 necklace? But it is a matter of record that she once wore it thru the streets of New York without a guard accompanying her.

More than six billion dollars are invested in street railways which employ normally about 300,000 men and pay wages of over \$300,000,000. About fifteen billion passengers are transported yearly. The railroads in the larger cities have it pretty soft, but its far different in the smaller ones.

Well, the taxes have been extended and the books are ready for the collector, and so the glad days of tax paying are once more at hand. But there is no use feeling bad, for tax time is inevitable. And come to think of it, you receive a mighty lot of service from the taxes you pay. If without that service you would be glad to pay twice the present rate to secure it.

It's a gloomy prospect for setting the troubles between employers, employees and the public in the building trades in Chicago, when "Big Tim" Murphy becomes the acknowledged union leader. A man with "Big Tim's" record should not be permitted to lead anything.

"Moderate optimism," that's the phrase that seems to characterize the utterances about business of John D. Ryan, head of the great copper corporation, Charles M. Schwab, of the Bethlehem Steel Co., Earl D. Babst, of the American Sugar Refining Co., and other kings of finance. "Moderate Optimism" is by no means a bad phrase and the men who are using it know whereof they speak. The effect in the end will do better than too rosy prophesies of business activity near at hand.

An international bank of exchange for stabilizing the international trade is now proposed. The organization plan for the government departments has just been presented to President Harding. Every day there is a story of some movement that is pretty certain to help better business and industrial conditions. Certainly with all the efforts being put forth by men of influence there can be but one result.

A government report based on 51 cities shows the infant mortality rate of 74 out of 1,000. That sounds like a high rate, but is considerably below the published figures for 1920. No doubt when Morgan county has its new health department, established under Rockefeller Institute auspices, and other counties follow suit, mortality rates can be revised downward.

**CHICKEN DINNER**  
Ronson's Restaurant  
221 So. Main St.  
Home cooking. A trial is worth while.

**HOGS TOPPED MARKET.**  
William Rook Arthur Brockhouse and L. W. Cox all well known Morgan county live stock men topped the St. Louis market the past week with hogs at \$8.60. All of these shippers consigned their hogs to C. E. White & Co.

LOCAL RESIDENT INVENTS HAIR CURLER

That necessity is the mother of invention still holds true. Mrs. Mary L. Henry, of 215 Webster avenue, found it difficult to dress her daughter's short hair, and thru her labors of curling her daughters hair she conceived of a superior hair curler that does the work very much more satisfactory than anything she could find on the market.

Mrs. Henry has made and had patented a three arm curler that is said to be far superior to others. She received her patent in December and is negotiating with a Chicago firm to have the curler manufactured in quantities with a view to putting them on the market.

The article bids to be in demand because of its extra efficiency in curling hair. The article is to be made of superior spring steel and will be beautifully nickel plated making it an ornament on "my ladies boudoir" as well as indispensable to hair dressing.

ATTENTION AUTO OWNERS

We have employed Mr. Lester DeWitte to take charge of our repair shop. He is thoroughly familiar with all makes of cars, and any work brought to us will receive prompt and careful attention.  
E. W. BROWN, Jr.

SALEM AID SOCIETY SERVES SUPPER.

The Salem Aid Society served supper at the home of Mr. and Mrs. Charles Dodds Thursday evening.

The Domestic committee was Mrs. W. C. Thompson, Mrs. R. E. Phillips and Mrs. Etta Matthews. An elegant two course supper was served at 6:30 P. M. After the supper a social time was enjoyed. A neat sum was realized and will go towards the "Kitchen fund."

**Dance under auspices D. A. R. Tuesday night at Armory Hall. Everybody welcome.**

BUYS MURRAYVILLE PROPERTY

Walter Hanback has purchased from Arthur M. Masters two adjoining residences in Murrayville. One of these will be remodeled by Mr. Hanback and used as a barber shop.

INVITED TO GOOD ROADS MEETING

Members of the Highway Commissioners and Clerks association of the state who live in this locality have been invited to attend the good roads booster meeting at the Chamber of Commerce headquarters next Tuesday. William Rees of Franklin is president of this organization.

TAKING SOUTHERN TRIP

Mr. and Mrs. John S. Hackett have started on a southern trip. They will spend several weeks in Florida and will also visit Cuba before their return.

EVERYONE INVITED TO COOKING SCHOOL

Miss Elsie Hinkley, Culinary Expert Will Conduct Classes in Jacksonville Four Days This Week — First Class Tuesday Afternoon.

Not every housekeeper has had an opportunity of going to a Cooking School, and therefore many of the women of Jacksonville will be glad to learn of the Free Cooking School to be held in the Chamber of Commerce rooms over Myers Bros., beginning January 24th and continuing for four days.

Miss Elsie Hinkley is a graduate home economics instructor, who has taught the fine art of cooking for many years and is considered an expert in her work. From reports from other towns where Miss Hinkley has conducted cooking schools we know the women of our town will be delighted with this opportunity of gaining expert instruction without cost to them.

Miss Hinkley gives her instructions in such a simple manner that any one can become a splendid cook by following the easy methods so carefully and thoroughly described by her. Miss Hinkley is now connected with the Department of Food Economics, Corn Products Company. Her method is simple, educational, and highly interesting. The lectures being illustrated by actual preparation of foods. There will also be lectures on proper diets for adults, growing children, and invalids; also menu combinations, quicker methods for making cakes, pies, etc.

Come early and get a good seat. The classes will start promptly at 2 p. m. Bring along your note book and pencil so that you can take down the recipes which will be given free.

REPUBLICAN VOTERS OF THE 10th DISTRICT

**Election Monday—tomorrow for member of the Constitutional convention. Please get out and vote for B. L. Catron. This is Andrew Russell's home district; please do honor to him by voting. Remember the voting place, Mrs. Alice McCollister's residence, 603 South Diamond. S. A. FAIRBANK**  
Committeeman, 10th District

SAMUEL SEEKS SECOND TERM

(From The Franklin Times.)  
County Judge Paul Samuel has announced his candidacy for another term on the republican ticket. Judge Samuel is now just entered upon his fourth year of his first term in the office, which thus far he has filled in a manner highly creditable to himself and very satisfactory to the residents of the county. We are confident that partisanship has had no part in his official acts. He has been firm in handling liquor cases which have come before him and he has been especially sensible in his dealings with wayward boys and girls brought before him. Certainly the fine record that he has made entitles him to the nomination at the hands of his party and we believe that if he is nominated he will be elected because the people of Morgan county are fortunate in having a man of his ability in the judge's office.

**CHICKEN DINNER**  
Ronson's Restaurant  
221 So. Main St.  
Home cooking. A trial is worth while.

SPRINGFIELD YOUNG LADIES

Representatives of the Federated Industrial Club of Springfield, fifteen in number, are in the city guests of the chapters at Illinois Woman's college and Illinois college. Forum sessions will be held at 2 o'clock and at 6:30 o'clock today, for the consideration of questions which confront the Y. W. C. A.

Saturday night a dinner was given in the home economics department of the Woman's college for the visitors, followed by a stunt party. Today there will be special music in connection with the forum meeting and there will also be a community sing in the late afternoon at the Woman's college.

The sessions promise much of interest to the members of the Y. W. C. A. and their friends.

**REBEKAHS ATTENTION**  
Members of Caritas Rebekah Lodge No. 625 will meet at 2:45 P. M. today at the home of Mrs. James Smith, 1007 North Fayette street, to attend the funeral of Mrs. Louise Barmer. Members of No. 13 and visiting Rebekahs invited.  
Effie Williamson, N. G.  
Anna Baldwin, Sec.

H. P. GREEN ANNOUNCES CANDIDACY FOR JUDGE

Hugh Green has announced his candidacy for the Republican nomination for County Judge. The office of County Judge is an honorable position and one much coveted by lawyers.

Mr. Green has been actively engaged in the practice of law in Jacksonville for the past ten years. He has many qualifications of the very best and, if nominated and elected, he should make a splendid official.

Call at Hamilton Barber Shop, opposite C. B. & Q. depot. Prompt and efficient service.

ROAD CONDITIONS.

The condition of the roads as reported by the Good Roads committee made up of the joint committees of the Morgan county Good Roads Association, the Automotive Dealers Association and the Chamber of Commerce are as follows:

All roads leading from Jacksonville in all directions are in excellent shape, they were good before the snow and the travel over them since has leveled them until they are like hard surfaced roads.

In some localities the farmers have dug the snow from the middle of the road in order that when the thaw comes they will dry quickly, this has also been done on the road to Arnold.

CLOSING OUT SALE

Groceries at reduced prices. No delivery.  
**RALPH F. SIBLEY**  
Cash Grocery.  
700 South Diamond

WINCHESTER NEWS NOTES.

A large audience was present at the union revival service Saturday night and heard a fine sermon by Dr. E. E. Violette, the evangelist. A special musical feature of the service was a solo by Mrs. S. G. Smith.

The various congregations will attend services in their own churches Sunday. There will be Bible study at 9:30 o'clock and the regular preaching service at 10:30 o'clock.

Eddie Andell is ill with pneumonia at his home east of town. Mr. and Mrs. Arthur Rush were business visitors in Jacksonville Saturday.

The quarantine for scarlet fever was lifted Saturday from the home of George Hogan and family.

Our Clearance Sale will continue thru the coming week.

FLORETH'S

West Side Dry Goods Co.  
Mrs. Effie Quigg was over from Virginia Saturday doing shopping with Jacksonville merchants.

GRANTS CHARTER TO LOCAL MEN

Will Establish Truck Freight Line Between Jacksonville and Springfield.

Secretary of State L. L. Emerson has granted a charter to the Jacksonville - Springfield Transportation company. The incorporators are well known Jacksonville business men and are composed of the following: Walter J. Huston, Thomas Huston and William McNamara.

The company has a capital stock of \$1,500, and the charter gives the company permission to operate a truck line between Jacksonville and Springfield, also an automobile passenger line between the same cities.

It is expected that the initial trip for the trucks will be made one day this week. Two trucks will be commissioned at the beginning and more will be added if the business justifies. It is the intention of the company to transport freight between the two cities on a schedule to be announced soon.

Trucking merchandise has become a big industry where the roads have been made possible for such enterprise, and when the hard road has been completed between Jacksonville and Springfield the business of hauling freight may be expected to become large.

More Milk!

Cow Chow

Calf Chow

WHEN you put your herd on the Purina System, you see the results in the milk pail. You make more milk—you save more milk.

Raise calves at less cost

You can feed a calf on Purina Calf Chow for six months for what it costs to feed it on whole milk for 30 days. After the fifth week, you can feed dry Calf Chow. It saves trouble and saves milk.

Why Purina makes more milk

Cow Chow supplies protein and minerals that are nearly always lacking in the average cow's ration. When you supply all the material needed for milk, naturally, the cow gives more milk. You ought to be getting more milk.

### MELVILLE STONE CRITICIZES PARTS OF CONSTITUTION

Says Government at Present  
is Well Nigh Akin  
to Chaos

(By The Associated Press)

CHICAGO, Jan. 21.—Melville E. Stone, formerly general manager of The Associated Press, in an address tonight criticized parts of the constitution of the United States as leaving this country without a leader and condemned the congress as lacking men of high caliber.

Mr. Stone was guest of honor at a banquet given by the Commercial club.

"During the years I was general manager of The Associated Press I could not express my self on partisan matters for fear some one would think I was representing the attitude of The Associated Press which necessarily has to remain non-partisan and impartial in all matters," said Mr. Stone. "Now that I no longer head that organization I can say what I please."

Declaring that Germany, thru the war, "had left us a world in which it was almost impossible to live, because the many problems which were resulting in chaos," Mr. Stone suggested changes in the constitution as remedies saying it was unworkable because it provided three equally coordinated branches of government—the judicial, the executive and the legislative.

The judicial dominated, he said. Mr. Stone said the relation of the president to congress had never been settled and that consequently faced many complications.

"I think every student of our system must agree that our national congress is not properly composed nor its authority properly defined," he said. "The seventeenth amendment providing for popular election of senators certainly has not improved the personnel of that body."

"And there is something very wrong with the house. Its members all seem to have district minds. There is no leadership in either house—instead there is something well nigh akin to chaos."

Blue Control Developing.  
"Out of the confusion imposed by a chaotic congress party rule has nearly disappeared at Washington and a system of bloc control is developing."

Mr. Stone said that already one found a farmer's bloc, labor bloc, the merchant marine clamoring for a subsidy and the American legion for a bonus.

"That policy is a bold violation of economic rules that are elemental."

Mr. Stone said that labor must reduce its wages and he opposed a bonus for farmers.

Turning to foreign affairs, Mr. Stone declared that Americans must participate in world affairs just as much as you Chicagoans

participate in the affairs of each other.

"We took a very small part in the war," he said. "We did not strain ourselves. For capital we did not meet nearly the stress met by France and Italy. Yet, we came out bragging and boasting. I hope the time will come when some other people will feel as I do, that we have little respect for the man who boasts he is 100 percent American and not one hundredth of one percent an international man."

Mr. Stone said that Germany should be made the economic slave of the world for one hundred years to pay for her crimes, but interrupted an outburst of applause to say:

"But you cannot make that of her."

He declared France had tried to make Germany pay too much indemnity, but added that, "Germany had lied about her ability to pay."

He said he thought the arms conference a good thing, but that neutral nations must be stopped from private manufacture of arms and munitions in order to make it effective.

Concerning Japan and China he condemned what he termed a "lot of loose foolish and untrue talk about both countries."

### CLUBS AND SOCIETY

G. A. Dunlap of Litchberry made the trip to the city yesterday to attend to business matters.

Sherman Coultas of Lynville made the trip up to the city Saturday to attend to business.

### OWNS ONE OF THE BEST COWS

Edwardsville, Ill.—Erwin H. Kaufman is owner of one of the best cows in Madison county, according to a test held at Dixon. For several days the animal produced 90 pounds of milk a day or more than 10 gallons, and had a record of over 22 pounds of butter fat daily.

### REORGANIZATION PLANS ARE LAID BEFORE HARDING

Calls for Consolidation of  
War and Navy De-  
partments

(By The Associated Press)

WASHINGTON, Jan. 21.—Plans for reorganization of the government departments as worked out by Walter F. Brown, chairman of the joint congressional commission charged with that task were laid before President Harding today but were not made public pending consideration of them by the President and his cabinet and their transmission to congress.

The reorganization proposals which were laid before the president by Mr. Brown personally, are understood to be preliminary in nature. They are said to embody recommendations for the consolidation of the war and navy departments into one department to be known as the department of national defense and for creation of a new department to be called the department of public welfare. The department of national defense as it has been considered by Mr. Brown would have a secretary at its head and under that official under-secretaries for each for war and for navy.

The proposal that the department of labor be consolidated with other bureaus in the department of public welfare is understood to have been abandoned.

The transfer of bureaus to the proposed public welfare department and to other departments is expected to be the point of controversy in the working out of the recommendations. The best information available when the report was presented today was that the principal transfers to be recommended were as follows:

The bureaus of good roads and markets from the department of agriculture to the department of commerce; the forest service from the department of agriculture to the interior department; the patent office and the bureau of education from the interior department to the new public welfare department; the coast guard service from the treasury to the new department of national defense; and the secret service agencies of the government in the department of justice.

### LOW GARAGE RATES

Why not leave your car in this nicely heated garage? Live storage \$4 per month, with efficient service available both day and night.  
L. F. O'Donnell Motor Co.

### COLD WAVE KILLS

#### CALIFORNIA GARDENS

San Francisco, Calif., Jan. 21.—Crops of peas, tomatoes, squash, cucumbers and peppers in the Imperial Valley are believed to be a complete loss as a result of the present cold snap according to a telegram to the state division of markets today from J. E. O'Neill of Calipatria, president of the Imperial Valley Vegetable & Melon Growers' Association.

The message from Mr. O'Neill added that there had been some damage to the early cantaloupe crop and light damage to the lettuce and grape fruit.

### VIOLENT STORM

#### AT QUEENSTOWN

Queenstown, Ireland, Jan. 21.—A violent storm which raged today has made entrance into the harbor extremely dangerous.

Several small craft in the harbor have foundered or been badly damaged.

### NORWEGIAN STEAMER

#### REPORTED IN DISTRESS

Boston, Jan. 21.—Radio messages received here tonight from the Norwegian steamer Mod, in distress, 1,200 miles east of Halifax, said she had "patched up some of her troubles" and probably would be able to keep afloat until assistance arrived.

### FORMER PRINCESS

#### LEAVES SWITZERLAND

Geneva, Jan. 20.—Former Empress Zita of Austria-Hungary left Switzerland for Lyons early tonight. She has been in Switzerland for about a week at the bedside of her son.

### BREAD WAR IN

#### GREAT FALLS, MONT.

Great Falls, Mont., Jan. 21.—Bread is being sold at prices ranging from two cents a loaf to nine loaves for 25 cents as the result of a war between local bakeries. One store is giving away a loaf of bread with every 35 cent purchase.

### KILLS WOMAN, THEN

#### COMMITTS SUICIDE

Los Angeles, Cal., Jan. 21.—H. Hart, 42, of San Antonio, Texas, killed Mrs. Wilma H. Stotts, 35, and then himself here today by cutting the woman's throat and his own after Mrs. Stotts had declined to marry him.

### BIG WHISKY RING UNCOVERED

New York, Jan. 21.—The workings of a Montreal-Boston-New York whisky and drug smuggling ring were disclosed tonight following the detention of Mrs. Frances Bruce who, herself unconscious, arrived here in a Pullman berth beside the body of Mrs. Dorothy Wardwell.

### WILL ASK FOR

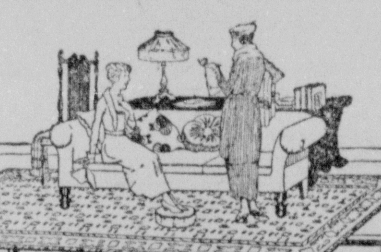

#### APPROPRIATION

Washington, Jan. 21.—Senator Johnson, Republican, California, has introduced in the senate a bill providing an appropriation of \$10,000 for a forest experiment station in California.

Dorey and Muray Martin paid the city a visit Saturday from north of Jacksonville.

## Increase in Weight

MILLIONS of people all over the United States and Canada have not only been relieved of the most obstinate forms of dyspepsia and indigestion by the Tanlac Treatment after other remedies have failed, but many of them have reported a remarkable and rapid increase in weight and a return to normal health and strength by its use.

Although Tanlac's claims for supremacy are abundantly supported by the world's leading authorities, it is the people themselves who have really made Tanlac what it is. Millions upon millions have used it with the most gratifying results and have told other millions what it has done for them.

That is THE REASON WHY Tanlac has become the real sensation of the drug trade in the United States and Canada, and that is also THE REASON WHY it is having the largest sale of any medicine of its kind in the world today.

Tanlac is sold in Jacksonville by Coover's Drug Store and Shreve's Drug Co.

Total tax in county, \$1,090,185.02.

POPE BENEDICT XV PASSED AWAY TODAY

(Continued from Page One.)

One of the smallest men physically ever elected to the chair of St. Peter, the former Cardinal della Chiesa never expected to be thus honored by the Sacred College and is said to have wept when apprised of his election.

He would have preferred, he said, to remain a simple priest or, at most, Cardinal and Archbishop of Bologna.

Always abstemious in eating and drinking, Benedict XV observed even greater simplicity at the table during the troublous days of his pontificate. Visitors have said that he lived as plainly as the poorest contributors of Peter's Pence.

Giacomo della Chiesa, the spiritual head of 300,000,000 Catholics, was born of noble line at Pegli, Italy, on November 21, 1854.

His father was the Marchese della Chiesa, (pronounced Koeaza). He received his education at the Capranican College and later attended the Academy of Ecclesiastics. Ordained to the priesthood in 1878 he soon attracted the attention of Cardinal Rampolla, who under Pope Leo XIII was the Papal Secretary of State.

He accompanied Rampolla to Madrid in 1883 when his patron was Nuncio, remaining there until 1887 when he returned to Rome upon the elevation of Rampolla to the cardinalate.

In 1901, after having served 4 years as secretary of the Nunciature in Spain, he was appointed Secretary of the Cypher. This position gave its incumbent considerable authority and the same year Mgr. della Chiesa was named as Consul of the Holy Office.

A notable promotion came to him on December 16, 1907, when Pope Pius X appointed della Chiesa as Archbishop of the important See of Bologna to succeed the late Cardinal Svama. His administration of this office

for seven years was characterized, it is said, by prudence and diplomacy. His concentration as an Archbishop was performed by Pius himself in the Sistine Chapel, an honor so unusual that it attracted world-wide attention. Archbishop della Chiesa was made a Cardinal in May, 1914, less than six months before mounting the throne of St. Peter's.

He took his ecclesiastical title from Pope Benedict XVI, one of the ablest pontiffs of the church, who was born in Bologna on March 31, 1857 and died on May 3, 1918.

Benedict XV's personal appearance has been described as follows:

"A man physically ill-favored but gifted with great intelligence, short of stature, ascetically thin, with the right shoulder raised above the left, and giving one the impression of extreme nervousness and weakness. But when he raised his head the visitors instinctively felt that they were in the presence of a man equipped with exceptional intellectual powers and energy. He reminded one of the noted poet, Leopardi. With an ample brow, surrounded by coal black hair, black eyes, lively and penetrating, a large mouth with thin lips full of expression, the Pope conveyed the impression of a man with few friendships but these most sincere, devoted and lasting."

Casts Gloom Over Church.

CHICAGO, Jan. 21.—The sad intelligence of Pope Benedict XV's death that has just reached us thru The Associated Press throws a gloom over the entire church said the Right Rev. Edward F. Hoban of the Hoban Auxiliary Archbishop of Chicago today.

"Pope Benedict was called to fill the chair of Peter in the very midst of the world's war—a war that had broken the heart of his predecessor Pius X," said the Rev. Hoban, "and he threw himself with all his energy into the study of that seemingly hopeless problem. The keynote of his policy was clearly set forth in his note to the belligerent powers in August 17, when he asked the peoples and their rulers to hasten the end of the war."

Representative of Peace.

ST. LOUIS, Mo., Jan. 21.—Pope Benedict XV, during his entire pontificate stood out before the world as the representative of the prince of peace, Archbishop John J. Glennon stated when informed by The Associated Press of his holiness' death.

The archbishop dictated the following statement:

"Elected to the supreme office of pontiff on September 3, 1914, he was to witness all around him the nations of Christendom in deadly array and gravely did the new pontiff face the world war bearing in his hands the standard of Christ."

"It saddened his heart that his appeals for peace and justice were suspicion and in silence and in some instances with a League in the purpose of rejecting them. Yet thru these long years of bloody and destructive war even to the end of his too brief pontificate, he stood out before the world as the representative of the prince of peace."

"His qualities of mercy and love, which were shown thru his daily kindnesses brought him nearer the poor and suffering the world over."

Statement of Ricci.

WASHINGTON, Jan. 22.—Senator Rolandi Ricci, the Italian ambassador on hearing of the death of the Pope made the following statement:

"The Pope who just died was a man of sagacious political view and of generous heart. All his decisions were marked by a great moderation."

"Leo XIII was a humanist Pope too much of a politician; Pius X was an admirably religious and good Pope; Benedict XV did not neglect either politics or the religious mission of his highest task. During the war he was generous of charity toward the prisoners of all the belligerent countries."

"We may wait with confidence the selection of a new Pope by the conclave of cardinals. Faith teaches that the cardinals assembled in conclave are inspired by the holy ghost but history shows that in their decision they are also guided by a healthy, practical spirit."

From St. Peter to Benedict XV he said there had been many Popes of whom only 48 were not Italians.

ATTENTION AUTO OWNERS

We have employed Mr. Lester DeWitte to take charge of our repair shop. He is thoroughly familiar with all makes of cars, and any work brought to us will receive prompt and careful attention.

### SYNTHETIC GOLD

Roger Babson Shows Havoc German Chemists  
Might Play in Financial World

Is there any hope for Germany? When this question is asked, reference is made of course to the present German Government. We know that the German people are industrious, and that they will get on irrespective of what happens to their government. There is, however, great doubt as

to the financial future of the German government. Germany's indebtedness is great, her money is almost valueless and her credit is nil. Owing to the fact that the other countries of Europe are likewise poor they could extend very little help to Germany even if they cared to do so. Consequently, the

outlook is dark. Germany's only consolation is that if she goes by the board she will probably have company.

There is one hope, however, for financial Germany a hope so very slight that there is perhaps only one chance out of a thousand, yet its consequences are so far-reaching that I want this week to tell my readers of it. I refer to the possibility of discovering a way to manufacture synthetic gold. Private advices have been coming to me for some time that German chemists are diligently working to discover some method for making synthetic gold. I do not know that the German Government is directly behind such experiments but indications point in that direction. The German government would of course be justified in spending a tremendous sum of money to discover a process of making synthetic gold.

Reports indicate that a process has already been discovered for the making of gold from quick silver, the only difficulty being that the present process costs more than the product is worth. In other words synthetic gold today is worth more than its weight in gold. Consequently it cannot be used as a substitute for gold. If, however, it is demonstrated that lead is made from the same base as gold and that the difference lies only in the arrangement of atoms, which arrangement it is possible to change, then gold can be made from lead as well as aniline dyes can be made from coal tar.

If any such process is discovered the havoc it would create is apparent. The discovery would of course first be treated very secretly and a tremendous amount of gold would be made and coined before anyone learned about it. This gold would be used by Germany partly for paying off its reparations debts, partly for purchasing raw materials, and partly for the relieving of the difficulties of its own people. Even however, after the discovery became known, little or nothing could be done about it. Gold is gold and that is all there is to it. An international conference would doubtless be immediately called and the stabilized commodity dollar—as so strongly recommended by Professor Irving Fisher of Yale University—would, as soon as possible, be substituted in its stead. All new contracts would be based on this commodity dollar. But what would happen to the old contracts? Is there anything to prevent people from paying off their present debts with gold dollars?

Meanwhile, as governments work so slowly, a great change would take place in the security markets of the world. Almost everyone would be affected in some way or the other.

The holders of bonds and other forms of indebtedness would have their securities paid off in depreciated gold. Gold for industrial purposes is not as good a metal as iron, copper or lead. Since the value of gold today consists almost wholly in its rarity. With this rarity destroyed it would sink to a very low figure. This means that those who are loaners of money and who have had money invested almost wholly in bonds and notes, would suffer

serious losses. This does not apply to banks. Banks would receive this synthetic gold in payment for their securities and loans, but they would use the same synthetic gold to pay off their depositors. Therefore, the bank, like the commission merchant, would neither gain nor lose by the discovery.

The great benefit would come to those who own land, forests, mines, water powers and industries in general. Stocks would have a tremendous boom in history. In short, the creditor, the man who loans would suffer tremendously but the operator, the man who owns natural resources or shares in active business, would greatly prosper.

There is only one chance in a thousand perhaps one in ten thousand, of any such discovery being made. It is, however, of such importance that every one should insure a little against it and not put all of its money into bonds. Purchase a certain amount of land, have a portion of your funds in mines, forests, water powers and other natural resources. Be in a position so that if such a discovery is made you would profit thereby, at least to the extent that you would not suffer great loss. What would happen to the Babsonchart if such a discovery were made? As the chart is based on the fundamental law of action and reaction nothing would happen. No, altho the discovery of synthetic gold would revolutionize finance, it would not make two blades of grass grow where one grew before, synthetic gold would simply shift the control of the world to a different group of people, taking it from the loaners of money and giving it to the owners of the world's materials and industries.

General business has settled down for its mid-winter dullness. The Babsonchart index shows it running 18 percent below normal. No change from last week.

Early in the spring I look for pronounced activity in building lines, the influence of which will be felt throughout the whole business structure.

**GRAIN ELEVATOR BURNS IN VERSAILLES**  
The Central Illinois Grain company's elevator at Versailles was totally destroyed by fire yesterday. All the fire fighting machinery of the town failed to check the flames.

Officials of the company estimate the loss of \$10,000, which is mostly covered with insurance. There was in the elevator at the time a small amount of corn and this was also destroyed.

The Central Illinois Elevator company owns a string of elevators thruout central Illinois. The Versailles elevator was a modern structure having been built in 1917, and was situated in a prosperous grain growing section.

### STATE COMMANDER HAS ISSUED WARNING

Men Unlawfully Wearing Emblem of American Legion to Be Severely Dealt With—Commander McCauley Issues Letter of Warning.

The local American Legion post is in receipt of a letter from the State Commander, William R. McCauley, with reference to illegal wearing of the emblem of the American Legion or of the emblem of the Women's Auxiliary of the Legion. Violators of the law in this regard will be severely dealt with and post commanders are requested to be on the look out for such offenders. Post commanders are asked to name a committee to investigate all suspicious cases, and this request will probably be complied with here.

The letter from Commander McCauley, which will be read at the next meeting of the local Post, reads as follows:

"Your attention is called to the following Section of the Criminal Code of Illinois with reference to the illegal wearing of the American Legion emblem, or the emblem of the Women's Auxiliary of the American Legion.

"1. Unlawful to wear badge or emblem. 2. Penalty. (Senate Bill No. 169. Approved June 24, 1921.) "An act to prohibit the wearing or using of the insignia or badge or other emblem of the Order of the American Legion or the Woman's Auxiliary of the American Legion by any others than members of the orders.

"SECTION 1. Be it enacted by the People of the State of Illinois, represented in the General Assembly: That it shall be unlawful for any person to wear the badge, emblem or any other insignia of the Order of The American Legion, or of the Women's Auxiliary of the American Legion, or use the same to obtain aid or assistance thereby, from any person, unless he or she shall be entitled to use or wear the same under the constitution, by-laws, rules or regulations of the American Legion.

ion or of the Women's Auxiliary of the American Legion.

"2. Any person convicted of a violation of any of the provisions of Section 1 of this Act shall be deemed by the court guilty of a misdemeanor and shall be fined in any sum not less than fifteen (15.00) dollars and not more than two hundred (200.00) dollars.

"APPROVED June 24, 1921."

READ THE JOURNAL.

D. T. Heimlich has returned from Decatur where he reports that the largest and best Poultry Exhibit ever held in that city was held during the past week. There was a large display of Bantams and fancy pigeons. The exhibit was well attended and much interest shown in the project.

Mrs. C. H. Ausmus, who has been a patient at Passavant hospital, was able to return to her home on West North street yesterday.

The Wednesday class will meet Wednesday Jan. 25th at 3 o'clock with Mrs. Ayers.

The Domestic Science Round Table of the Jacksonville Woman's club will meet Saturday, Jan. 28th at 2:30 at the home of Mrs. Ollie Parker, 920 West State street. Members please note change of place.

Mrs. H. L. Caldwell, 807 West College avenue, will entertain the Monday Conversation club at luncheon, at 1 p. m., Jan. 23.

The W. C. T. U. will meet Tuesday afternoon at 2:30 o'clock at the Old People's Home. All members and friends are cordially invited to be present and inspect the home which has recently undergone extensive improvements.

The East Side Tuesday Club will hold the mid-winter picnic on Tuesday evening, Jan. 24, with Mrs. E. L. Kinney at her home on South Prairie street.

The South Side Circle will meet Friday afternoon at 2:30 o'clock with Miss Wackerle at the Woman's College.

Eugene and Lester Hart, Fred Crowder and Albert Wilson, R. W. Sinclair to the city yesterday. Bert Morris was a Scott county visitor to the city yesterday.

### WESTMINSTER PAGEANT OPEN TO THE PUBLIC

Large Attendance Expected at Presentation of "The City Beautiful"—Synopsis Is Given.

A very large attendance is expected at the presentation of "The City Beautiful," a pageant, at Westminster Presbyterian church Sunday evening. The meeting will open at 7:30 o'clock, and the public is cordially invited to be present.

A synopsis of the pageant is here given, the cast of characters having been published previously:

**Scene I.**  
Holy City of King David; 1000 B. C.

Triumphal Entry of King David. Chorus, "Lift Up Your Heads." Watchmen take station at gates. Procession of Priests, High Priest, "Sing and Rejoice, O Jerusalem."

**Scene II.**  
Holy City on Palm Sunday; 33 A. D.

Triumphal Entry of Christ. Junior Girls, welcome Him with "Hosanna." "Lord, as Now We Meet Thee."

Watchmen speak. High Priest loses with verse.

**Scene III.**  
Holy City Under Mohammedan Rule; 1200 A. D. Period of Crusade. Mohammedan, uttering call to prayer. Priests and Junior girls are discolate.

Crusaders march forward. Mohammedan leaves before on laughter of crusaders.

**Scene IV.**  
Forces of Evil at Work in Modern City.

Children at play are enticed by Evil spirits. Fruit vender enters. Old woman takes position near by and begs.

A sick child sinks on ground at front of the street. Several boys are at play tossing ball.

A girl enters jumping rope and another wheeling carriage. **THREE EVIL SPIRITS:** "Cruelty," "Ignorance," "Crime."

Entice the girls to torment others and boys to steal fruit.

**Scene V.**  
The City of the New World Order. Time: When the city life is redeemed by Christianity.

Chiming of Bells. Ring out old shapes of foul disease.

Ring out the narrowing lust of gold; Ring out the thousand wars of old; Ring in the thousand years of peace.

Ring in the valiant man and free; The larger heart, the kindlier hand; Ring out the darkness of the land; Ring in the Christ that is to be.

"City Beautiful" enters with her allies, the Church, the Supervisor of Play, and Child Welfare—who march behind the Bell-ringers.

"City Beautiful" takes position between Watchmen.

"Church" assumes charge of boys and "Supervisor" gathers girls. "Child Welfare" ministers to sick child.

"City Beautiful" sings: I am the City Beautiful, where all the children play; Where men and women build a song that turns the night to day.

Chorus: "I am the City Beautiful, where childhood finds its own; Where dwells the brotherhood of men, with Christ upon the throne.

Where evil spirits dwell no more, where sin and crime have fled; Where joy abounds, good will and peace, and all by love are led.

**Scene VI.**  
A Prophet's Vision of the Future City.

Hosea advances toward the city gates: "And the streets of the city, etc."

Hosea joins City Beautiful, saying "Lo, a city, a city, etc." Church says, "Hail the glorious city."

Supervised Plays says, "We are builders of that city." Child Welfare says, "And the work that we have builded."

All participants sing, "O Beautiful for Patriot Dream."

"America! America!" Then all sing, "In the Cross of Christ."

All participants, "We Are No More Strangers and Foreigners." Entire audience sing, "All Hail the Power of Jesus Name."

Recessional, "Onward, Christian Soldiers."

**BIRTHS**  
Born, Saturday morning to Mr. and Mrs. Roy E. Baldwin north of the city, a son, Roy E. Jr.

**M. E. CLEARY SALE**  
At farm 4 miles west of city on Mound Road, horses and mules, cows, hogs, grain and hay, implements, some excellent offerings. Sale Wednesday, Jan. 25, beginning at 10:30 A. M. Henry & Wright, Auctioneers.

**WITH THE SICK**  
Miss Elizabeth Austin of South Main street, is confined to her home by illness.

Ellis Thompson and family were in the city from Arcadia Saturday doing shopping.

Vincent Davidson has gone to Murrayville to spend the week end, visiting friends.

### CLUBS AND SOCIETY

**Agora Society Entertain'd.**

The Agora society of Illinois College, entertained honorary members of the society yesterday afternoon at the home of Mrs. J. G. Ames on Mound avenue. About twenty-five guests were present.

Mrs. Ames as president of the society, received the guests and was assisted by Miss Sylvia Taylor. The house had been beautifully decorated with cut flowers.

During the afternoon, Miss Winifred Butcher sang "My Love is Like a Red, Red Rose," with Miss Mary Cummings as accompanist. The committee in charge of the occasion included Miss Grace Hopper, chairman, and Miss Irene White and Miss Dorothy Ford.

**Entertain for Newly Weds.**

Mr. and Mrs. Earl Harmon, who were recently married, were the guests of honor at a card party given last evening at the Peacock Inn, by Miss Anne Harmon. The affair was given in the blue room and about sixteen guests were present. The evening was spent in playing five hundred and at a late hour a delicious supper was served. The young couple were married in Louisville last week and are here for a brief visit before going to Holland, Mich.

**Clover Leaf Booster Club Honors Mrs. R. Y. Rowe.**

Mrs. R. Y. Rowe was the honor guest at a dinner given last evening by the Agency department of the Cloverleaf Casualty company, at the Booster club rooms on East State street. The affair was the last of a series of prize dinners given during the year by the various departments of the company. Covers were laid for sixty guests and the dinner in honor of Mrs. Rowe proved one of the most delightful of the season.

The tables were decorated in a color scheme of pink and white, very artistically carried out by the use of candles, ferns, and electric lights draped with colored paper and top balloons of varied colors suspended from them. Tiny bouquets of flowers added a pretty touch to the menu and place cards and a little bride's bouquet found its place on the guest of honor's card. In the center of the guest table were very cleverly made miniature bride and groom.

Miss Louise Strandberg was the chairman of the agency committee in charge of the party and Miss Margaret Strandberg, chairman of the entertainment committee, had arranged some interesting games for the hours after dinner. The following delicious menu was served, agency "appetizer," roast pork with special cantaloupe, Sullivan potatoes, Smith baked beans, hot rolls and butter, A. L. B. bees with whipped cream and coffee.

**REPUBLICAN VOTERS OF THE 10th DISTRICT**

Election Monday—tomorrow for member of the Constitutional convention. Please get out and vote for B. L. Catron. This is Andrew Russell's home district; please do honor to him by voting. Remember the voting place, Mrs. Alice McCollister's residence, 603 South Diamond. S. A. FAIRBANK Committeeman, 10th District

**FINE WEATHER IN SOUTH.**

O. F. Conklin has written to Jacksonville from St. Petersburg, Fla., and says that the weather there has been almost ideal. Mr. and Mrs. Conklin are greatly enjoying their southern stay.

**PROBATE COURT.**

In the estate of Mary A. Walter, the will was admitted to probate and letters testamentary ordered to issue to Joseph A. Walter.

## LAYING OF RAILS ON ALASKAN R. R. NEAR COMPLETION

Work Has So Far Progressed That it is  
Planned to Drive the Golden Spike About  
the Middle of February—A Great Cele-  
bration is Being Planned for the Event

(By The Associated Press)

ANCHORAGE, Alaska, Jan. 21.—So rapidly has the work of bringing together the ends of steel on Alaska's 467-mile government railroad from Seward, on the seacoast, to Fairbanks, in the heart of the Yukon country, progressed, that definite plans are being made for a great celebration throughout the territory to mark the driving of the "golden spike" some time in mid-February.

The ceremony, which will be attended by Governor Scott C. Bone of Alaska, and other high territorial and federal officials, will take place at the Riley Creek Bridge, 120 miles south of Fairbanks. Thousands are expected to attend the ceremony.

The Riley Creek Bridge is in itself a triumph of engineering. Late in November, 1921, 500 tons of steel for the bridge were shipped from Seattle to Seward. Today the bridge, a 900-foot structure, is practically completed.

With the exception of the 1340 foot steel bridge across the Tanana River at Nenana, which will not be placed in service until late this year or early in 1923, it is the last unit of the road to be completed. Pending completion of work on the bridge at Nenana, trains will be sent over the Tanana on ferries in the summer and over tracks laid on the ice during the winter.

The government railroad cost approximately \$56,000,000 and has been under construction since 1914. The main line between Seward and Fairbanks is 467 miles in length, but, with branches, the completed system will have a total mileage of 539 miles. For some months past luxurious trains with Pullman coaches and buffet dining cars have been operated over the main line on a once-a-week schedule. Freight was carried between the ends of steel by dog sleds.

Alaskans hail the coming of the railroad as the key that will unlock one of the richest territories

corn, potatoes or other necessities to Fairbanks. The freight went by boat to St. Michaels, at the mouth of the Yukon, was then reloaded on the Yukon and Tanana Rivers to Fairbanks, a total distance of 3800 miles. Sometimes it was shipped through Skagway over the White Pass and Yukon railroad to White Horse, thence down the Yukon and Tanana Rivers at a cost of \$66.

Today the same bulk of freight can be shipped by the railroad to Fairbanks in three weeks less time than by either of the older routes, traversing a total distance of 1885 miles at a cost of about \$30. Since the road began handling traffic a few months ago, the cost of oats in Fairbanks dropped from \$140 to \$70 a ton, the price of beef dropped 25 cents a pound. Wood costing \$130 a cord was replaced by lignite coal delivered at \$6 a ton.

An increase in tourist traffic is expected. Mount McKinley, 20,300 feet in altitude and the loftiest peak on the North American continent is but a short distance from the line and Mount McKinley National Park will become accessible.

**DAILY ARRIVAL OF  
NEW SPRING DRESSES,  
NEW SPRING BLOUSES,  
NEW SPRING SKIRTS AND

**Will Reduce Prices.**  
Before the advent of the railroad, according to federal reports, it cost \$70 to ship one ton of hay,

## MANY TOURISTS NOW AT SOUTHERN RESORT

Miss Mabel Goltra Writes Interesting Facts About Wealthy People Now Sojourning at Ft. Myers, Florida.

Ft. Myers, Fla., Jan. 14, 1922

Dear Journal Readers:—  
I am sorry that my Christmas letter to the Journal was lost, but we had a lovely Christmas here in Ft. Myers, where nature had provided so many brilliant poinsettias as a part of the decoration. Almost every home, whether large or small had a beautiful tree, as they grow here in the woods and along the roadsides.

Christmas Eve the Musical club sang Maurel's Bethlehem on the spacious steps of the beautiful court house under the waving palms, the writer taking a small solo part. Prof. Grella, the Italian band conductor also directed the chorus, the band being located on the pavement at the foot of the steps. About three thousand people were in attendance. The night was as perfect as a summer night, so that all taking part in the concert wore white. Last Tuesday evening I sang a solo at the Musical Club, having Mrs. Grant, of Chicago, as my accompanist. Mrs. Grant has been a pupil of the first teachers in Chicago. Last Sunday I became organist of the First Baptist church. I am enjoying the work very much and it is interesting to accompany the different soloists who visit Ft. Myers during the season.

Dr. and Mrs. Arthur Prince of Springfield are stopping at the Franklin Arms, just across the street. My aunt, Mrs. Coleman, Mr. and Mrs. Eli Crawford and Mr. Walter Crawford arrived here Tuesday night, all feeling quite well after their long trip. About fifteen people from Carlinville, Ill., are due here in a few days. Many people suffering from asthma are being benefited here. Among them is Dr. Benn, pastor of the Presbyterian church whose wife is from Edwardsville, Ill.; John Wamamaker, who was here last year urged Dr. Benn to accept the pastorate of his church in Philadelphia. Dr. Benn went to Mr. Wamamaker's home and preached two Sundays for him, but did not accept the call as he wished to stay longer in Ft. Myers.

Dr. J. W. Baird formerly of Battle Creek, Michigan, is the founder of a deer park located a short distance from our apartment. Four deer have been placed in the park but one of them only lived a few hours as he ran into the wire fence catching his antlers and breaking his neck. He was such a handsome young buck we all felt sorry about the accident. The other deer are quite happy in this natural park under the shade of the grape fruit and guava trees.

A few years ago a niece of Andrew Carnegie married Mr. R. Kellum, a Lee County resident. This summer they built a \$75,000 home here and have several fine boats. They have also built a number of other houses on their large estate. Mrs. Kellum is helping to educate a number of Ft. Myers children. They were worth eight million dollars and in December a baby girl was born who received three million more from the Carnegie estate.

Tumulty and a party of five from Washington are expected in a few days and will be guests at the Royal Palm Hotel and Dr. Terry. The owner of the hotel, is here now.

Some wealthy tourists who go to the Everglades every year, planned a wonderful Christmas for the Indians and made presents to put on the tree. The Indians were invited and came in great numbers from all directions in their canoes in gala dress. They ate the wonderful food which they had never tasted before and returned to their homes very happy.

There has been a great deal of building done here in the last year. A number of new apartment houses and several residences. We have had the most warm sunshine this season that I have ever experienced in the five winters we have been in Ft. Myers.

Yours truly,  
Mabel H. Goltra.

You may still purchase  
merchandise at Clearance  
prices during the coming  
week.

**FLORETH'S  
West Side Dry Goods Co.**

**OVERLAND COUPE  
IS BADLY DAMAGED**  
An Overland coupe, driven by Merle Abernathy was badly smashed yesterday afternoon about five o'clock, when it skidded on the snow on East North street, and crashed into the curb. Both front wheels were smashed, and the front axle bent. The car was towed to Martin's garage for repairs.

**COMMUNITY FORUM**  
The speaker at the Congressional church this evening will be Dr. A. E. Holt who has just returned from Central Europe where he made a survey of social and industrial conditions for an American organization. His subject will be "The Tragedy of Central Europe."

**Fred Woodall and wife of Winchester, were among the town shoppers in the city yesterday.**

## YANKS and LEGIONAIRES

Forceful Facts Concerning The  
Interests of Former Soldiers  
Sailors and Marines.

Canada has spent more than \$85,000,000 in placing ex-service men on farms.

Aviation units are being organized in the National Guard in many states of the union.

It costs the U. S. Government \$11,000 to educate a cadet at the Naval academy at Annapolis.

The Inter-Allied Veterans' Congress is planning to hold its next convention in New Orleans, La., next October.

France has accepted without qualification the American proposal forbidding the use of poison gas in future wars.

Americans who served in the Canadian army or other forces during the World War are not entitled to a Victory medal.

The battle of Gettysburg, July 1, 2, 3, 1863 is considered the greatest battle ever fought on the American continent.

According to estimates the last surviving member of the great A. E. F., numbering 4,500,000 men, will live to the year 2,000.

The U. S. Government balloon school at Arcadia, Calif., is to become the largest and most complete air training station in the world.

The body of an American soldier killed in France was recently shipped from that country to China, which place was the soldier's native land.

Great Britain is constructing 150 troop-carrying airplanes each heavily armored and capable of transporting ten soldiers; they cost \$10,000 each.

Forty-one percent of the American soldiers of the World War are seeking entrance to Government hospitals and rehabilitation centers.

The Italian War Cross is to be bestowed to all American soldiers and marines who won the Congressional Medal of Honor during the World War.

The soldiers' bonus involves an estimated national obligation at a minimum of approximately \$1,500,000,000 and an approximate maximum of \$2,250,000,000.

The custom of placing a cavalryman's boots turned backward, when attached to the saddle of the horse in a military procession, signifies that the owner has ended his march.

Practically every military post in the United States is to be provided with Government-owned and operated laundries, adequate to care for the military population.

An armored triplane was recently tested at Kelly Field near San Antonio, Texas. The machine was flown for 15 minutes, and is one of the few of its kind in the United States army.

Colonel James R. Stillman, aged 92, is the oldest living member of the New York state national guard. He was one of the founders of the old Twenty-Third regiment, with which he served during the Civil War.

Rates of pay for United States naval officers vary from \$1700 for ensign to \$8000 for rear admiral. Sea pay is ten per cent more than shore pay. The officers also have allowances for quarters, heat and light, varying according to the grade of office.

According to official figures only 18,000 French soldiers, during the four years of war, underwent mental examination and treatment in special hospitals, while 680,000 American and 400,000 British soldiers showed mental derangement due to shell shock.

According to the latest figures of the Pension Bureau the United States has paid for pensions during the period beginning with the War of the Revolution to June 30 1920, \$5,968,199,447. Of this amount \$96,445,444 is estimated to have been paid prior to 1866.

The trial of Armand Jeanes, a Belgian, is now being held at Hainaut, near Mons, France. He is the man whose treachery led to the arrest and execution of the heroic English nurse Edith Cavell, and who caused the collapse of the entire French intelligence service in Belgium and the invaded departments of France in 1915.

For the purpose of establishing a close relationship and understanding between those of the field service, the executive chiefs of the War Department and military offices in Washington, the Assistant Secretary of War, and Major General Harbord, deputy chief of staff, are making a 7,000 mile tour through some of the scattered army commands in the United States.

The duties of the Secretary of War include the supervision of the organization of the army of the United States and insular possessions, the handling of matters relative to appropriations needed for the different branches of the department; the survey of conditions of the military forces and comparisons with the military forces of other countries, and various similar duties.

Mr. and Mrs. Hutch Norris and Mr. Norris' partner, Mr. Nash, stopped over in Jacksonville yesterday on their way home to Bowen, Ill., to visit Mrs. Norris' mother, Mrs. John K. Long.

## TAX WORK EXTENSION COMPLETED SATURDAY

Big Task Put Through in Excellent Time—Late Railroad Valuations Not Permitted to Delay

The Morgan county tax books are ready to be turned over to the collector. County Clerk G. L. Riggs and his assistants have pushed this work along with exceptional rapidity. Last year the valuations on the railroads which gave the basis for the rates that the county clerk must extend, were received from the state tax commission Nov. 19 and the books were delivered to the sheriff and collector, W. H. Weatherford on January 18.

For the 1921 taxes the commission did not send the rates until December 24, between five and six weeks later than in the previous year. Notwithstanding this fact the books were completed yesterday, only three days later than last year.

Anybody at all familiar with tax extension work knows full well how exacting the work is. Mr. Riggs and his assistants have kept at the big task night and day with the result that it was speeding up in a way which offset the delay in the receipt of the railroad valuations.

For the computation of the state tax this year the total valuation of property is \$28,179,185. These figures are 5 percent higher than valuation of \$27,469,260 that applies to all other taxes. The reason for this is that the state tax commission raised the valuations on land 5 percent for state taxes.

A comparison with the figures of last year shows that the total property valuation is less this year by \$1,604,219. The total for state purposes in 1920 being figured at \$29,783,404.

Altho the valuation last year for the purposes of state taxation was larger, the rate this year is 45c instead of 40c, and the total state tax will therefore be increased by about \$7,000.

The exact figures are: For 1920, \$119,136 and for 1921, \$126,840. Since the county tax rate remains the same as last year, the total of county taxes will be less, the figures as compiled showing \$141,258 for last year and for 1921, \$137,402.

The Jacksonville municipal tax will yield this year \$88,003 by comparison with \$71,549 extended for the 1920 taxes. The amount raised for general school purposes in Jacksonville will be slightly larger this year, the figures showing an expectancy of \$181,928 by comparison with \$178,160 extended last year.

In South Jacksonville the total taxes this year are about \$900 more than for last year. The 1921 figure is \$4,405 by comparison with \$3,545 for 1920. The total of taxes in the road districts of the county this year is \$149,479 by comparison with last year's total of \$141,046.

The non-high school district tax for 1921 is very considerably lower than for the previous year, as the rate was reduced from 15c to 10c. The total extension this year is \$11,258 by comparison with \$20,845 last year.

The total of revenue for 1921 taxes is \$1,090,185 by comparison with \$1,043,057 in the tax figures for 1920.

## PASSPORT SOON TO BE ELIMINATED BY NATIONS OF WORLD

Growing Disposition to Get Rid of Burden  
some Regulations Adopted During War  
time—Belgium Was First to Ease Restrictions—Others May Soon Follow

(By The Associated Press)

WASHINGTON, Jan. 21.—The passing of the passport is gradually being brought about in response to a growing disposition on the part of the nations to get rid of burden war-time regulations of travel. Persons prominent in diplomatic affairs here unhesitatingly predict that as a consequence the time is not far distant when tourists may gird the globe virtually as unhampered as in the days before 1914.

The agitation for a removal of the necessity for consular visas upon passports and a letting down of the bars in border regulations had its inception and strongest backing among the business men of all nations. Restrictions upon travel have reacted upon the commercial life of those nations accustomed to gather large yearly harvests from the well filled pockets of foreign visitors, it was pointed out, and that reaction to the pinch of wartime necessity is likely to carry the pendulum of travel restrictions back to its position.

Belgium was the first to ease the restriction upon travel imposed at the beginning of the war. Convinced that the necessity for rigid examination of visitors was at an end with the coming of peace, the Brussels government so modified its restrictions that persons passing through Belgium enroute to other countries and persons intending to visit Belgium for a period of not greater than 90 days might do so without credentials. That move was followed by agitation in Switzerland for similar letting down of the bars, and the recent action of Switzerland in granting permission for visitors to enter the country without passport restrictions, is believed to be indicative of the trend of thought in virtually all the other European countries.

The position of the United States is somewhat different from that of its sister nations, it is explained by officials of the State Department. America's restrictions on immigration make it vitally important that the influx be carefully sorted at its point of origin, it is said, and for that reason all persons intending to enter this country must appear before an American consul and have their passports approved with a visa. By so doing, the prospective immigrant is spared a trip to this country and his return home without being allowed to land because the quota of nationals of his particular country allowed to enter America under the new immigration law had been filled before the immigrant's arrival here. The provision for culling immigrants abroad was laid down by congress in an effort to facilitate operation of the immigration laws, and there is little prospect that the rigid rule requiring passport visas will be reached, it is said.

Other nations adopted the custom of requiring visas on passports shortly after the American law went into effect, but their action was rather in the nature of a relation for what we believe to be an undue hardship imposed on their subjects by the American regulation, it is said, and sentiment abroad is veering to the belief that the relation has not paid and it would be well to make travel as convenient for visitors as American and others—as possible. The action of Belgium and Switzerland was cited in support of that belief in as much as those two countries decided to remove restrictions from American travelers without demanding a reciprocal arrangement in this country.

Walter Whitten of Pisgah, traveled up to the city yesterday.

## SALEM LADIES AID SERVED SUPPER

The Salem Ladies Aid society served supper at the home of Mrs. Charles Dodds Thursday evening. The domestic committee in charge of the affair included Mrs. W. C. Thompson, chairman, Mrs. Edward Phillips and Mrs. E. Matthews. An elaborate supper was served at 6:30 p. m., and afterward a pleasant social time was spent. A neat sum was realized and will go toward the kitchen fund.

VISITS INTERESTING SPOTS IN SAN ANTONIO

S. W. Nichols Tells Journal Readers of Recent Visit to Ruins of Old Mission in Texas City.

The following letter was written recently by S. W. Nichols who is now sojourning in San Antonio, Tex. The writer tells of a recent visit to the home of Mrs. Kathleen Herriott Stafford, a former resident of this city, and of other interesting happenings. The letter follows:

"San Antonio, Tex., Jan. 16.—Dear Journal: We accepted the kind invitation of Mrs. Kathleen Herriott Stafford to dine with her yesterday and were delighted with the beautiful home she and her worthy husband, Mr. C. P. Stafford enjoy. Mrs. Stafford's mother is with her and is wonderfully well preserved and enjoys life fully without a drawback.

"Although it is many years since Dr. Herriott lived in Jacksonville he left many friends there who will be interested in knowing anything that pertains to his family for he was a useful citizen, an excellent physician and a fine gentleman. Mr. Stafford is connected with one of the largest banks here and is a prominent citizen of this beautiful city. They have a lovely home in a desirable part of the place and all about it that comfort and happiness require.

"In the afternoon we took a long ride, but explored only a part of this place which has within the city limits six miles square, 36 square miles in all and rapidly filling up with residences and business houses. The place is rich in small parks and breathing places for the people in general and the children in particular.

"Visit San Pedro Park. "One such, San Pedro park, we visited and were astonished at its wonderful springs. There are several of them in a small compass emitting pure water by the thousands of gallons a minute. They form lovely clear pools in which we saw many small fish and some goldfish a foot long. Some idea of the quantity of water flowing from

the springs may be formed when I say that there is a small mill run by a water wheel turned by the flow from these springs. They found a place low down enough for a dam and there is the mill and it brought up many recollections of my childhood. There are various other attractions there, notably a small lake supplied with water from these springs and on the surface of the water were a lot of swans making me think of home. They always had a lot of ducks, a fowl which we hardly believe desirable in our park.

"Then we visited several places of the greatest interest. One was an ancient blockhouse with holes in the walls for rifle shooting. It is upward of two hundred years old and was built by emigrants from the Canary Islands. We passed by the place where Roosevelt's Rough Riders were organized and from which they went to Cuba. In the time of the Cuban war the colonel was a familiar figure in this city and vicinity and they have many reminiscences regarding him and his troops.

"Describes Famous Church. "Now we come to one of the famous treasures of this city, the ruins of the Church of the Immaculate Conception. With reverence we tread its sacred precincts for here it was that holy men in early days were wont to gather and conduct services while they tried to lead the dusky Aborigines to better lives. The chapel the cloister, the baptistry—the kitchen and all the various parts of the plant are either shown or their location pointed out.

"A still larger ruin is that of the San Jose Mission. It is hardly fair either to call it a ruin for a great deal of it yet remains though it was once an extensive plant covering a large amount of ground. It had granary, garden and various other departments in addition to the main edifice which was of the most interest.

The front of the chapel is pretty well preserved and is a marvel of art. It is said that a Spanish convict was an accomplished artist and the king permitted him to come over here and exercise his skill and taste in adorning the front and side of this place of worship. High up above the door in front are three life size statues named respectively St. Joseph, St. Francis and St. Anthony, while just below them is a grand statue of Our Lady of Gaudalupe. Then below these are two more statues but regret to say they have been mutilated till most of their beauty is gone. The carving all about the front door is a triumph of art and must have taken a great deal of time and wonderful artistic ability.

"At the side is a window which is the choicest gem of all. It has been illustrated in art works and praised by art enthusiasts all over the land. It is a marvel of beauty and skill and must have taken years to execute.

"Within the chapel are three oil paintings, respectively depicting scripture scenes, the flight into Egypt and other sacred, historical events. These are so old that the outlines are hardly discernible.

"As we wander about the old place, all but the chapel without roof, we feel the inspiration that comes to one who has a reverence for sacred things, especially when they have such a record. Here are the various apartments used by the holy men of old. The kitchen where their frugal fare was prepared, the baptistry, the promenade, the living room, the store room and the various apartments needed by the residents of the place. The small apartments have been taken away, the places, much like cells in which the holy men spent their time. Also the granary and many of the contiguous structures and the wall which inclosed the garden are gone. The Indians had here a system of irrigation which they used successfully but it has fallen into disuse and has been replaced by something better.

"It was with genuine regret that we left this remarkable place for it is redolent with the odors of antiquity and history and deeply interesting. In fact, a volume could be written about it without exhausting the subject.

"One other old mission, that of San Juan, we visited and there the destroyers, time, weather and vandals, have spared the homes of the priests and left little else. I shall not go into a description of this for I don't want the readers of the Journal to think my taste all runs to the ancient though I have to admit the places described have an irresistible fascination for me.

"I was much pleased to enjoy a brief call on Rev. L. B. Richards formerly rector of Trinity Episcopal church of Jacksonville. He was much beloved there and here he is at the head of a fine church and parish. His charge is Christ church, a beautiful edifice occupying a fine position in an important part of the city. My host told me the gentleman is rising rapidly in his holy calling and is making a fine success here. He and his excellent wife received us quite cordially and were glad to see us as he said he meant to hunt us up as soon as he ascertained we were in the city.

"I had a delightful call on Miss Ethel Mosby daughter of the late Wm. R. Mosby who was drowned while swimming in Illinois river. Her mother is a sister of Mrs. S. O. Barr and will be remembered by many at home. I had also the pleasure of meeting her nephew, son of her brother, Harry. The young man is a lieutenant in the regular army and is stationed here and is a fine looking person.

"After visiting Kelly Field and seeing the vast expanses of perfectly level ground I conceived the idea that San Antonio was set down in a place without hills in any direction but learned yesterday

FARMERS CONFER ON LABOR QUESTION

Met at Farm Bureau Office Saturday—Invite Farm Laborers to Hold Like Conference Next Week.

A Farm Labor conference was held yesterday afternoon at one o'clock at the Farm Bureau office on East State street. The meeting was attended by forty Morgan county men who are employers of farm labor. The purpose of the conference was to discuss the farm labor situation, largely from the standpoint of wages.

County Agent George B. Kendall presided at the meeting and at the outset read some extracts from the official records of the United States Department of Agriculture in which Secretary Wallace gives some "Hopeful Signs for 1922," in which he expresses the belief that greater prosperity and better general conditions may be expected for the coming year.

Mr. Kendall also quoted from a St. Louis banker who says that there are three things that must be done in order to improve business conditions. In his opinion these are, First, Restoration of the buying power of the agricultural classes; Second, Improvement in the matter of transportation, and Third, The Opening of the European markets.

The meeting was a successful one in every way and those present took part in the general discussion which led to a better understanding of conditions and also a greater spirit of cooperation. The wages paid to married men and single men in the county last year were discussed and it was found that the average wage of the married man during 1921 ranged from \$35 to \$50 and that of the single man from \$30 to \$40.

Those present at yesterday's meeting voted unanimously to invite farm laborers to conduct a similar conference next Saturday at one o'clock at the farm bureau office. A large number of men are expected to attend next week's meeting and practical results are assured from this cooperative movement between employers and employees.

We are authorized to announce Hon. Guy L. Shaw of Beardstown, Illinois as a candidate for Congress in this, the Twentieth Congressional District subject to the decision of the Republican Primary, April 11, 1922.

Word has been received in Jacksonville by Mr. and Mrs. L. V. Hoffman of 729 North Diamond street of the serious injury of their daughter, Mrs. Van B. Higbee in Oklahoma City, Oklahoma. The accident occurred last Tuesday when Mrs. Higbee's clothing caught fire and she was very seriously burned.

She was dressing her little daughter, Rose Mary and in some way her dress caught fire from a gas heater in the room. The baby was uninjured but Mrs. Higbee's clothing burned and it was not until help from the neighbors arrived that the fire was extinguished. The injured woman was rushed to a hospital where she is still in a very serious condition.

Mrs. Higbee is well known to Jacksonville people as Minnie Hoffman and her many friends will regret to learn of the accident. Mrs. Higbee had recently completed a visit of several weeks with relatives and friends in the city.

## WRITES INTERESTING FACTS FROM ARIZONA

Mrs. S. M. Henderson Gives Many  
Details of Life in the South-  
west.

Concord, Jan. 20.—The following letter, written by Mrs. S. M. Henderson who is now sojourning at Tucson, Arizona, is printed at the request of a number of her friends in Morgan county.

Our weather has become a little colder the past week. That does not mean that it is very cold. There has been snow in the mountains and we can still see a little on the Rincon Range. It is all gone from the others, that is, from the side the sun shines on. I have stayed too close at home during the past week because I have been sewing, but must get out more this week.

It rained a whole plenty Tuesday and Tuesday night. Thursday had to speak on our missions in Japan. I went to the Carnegie library, got a book and studied it until time to go to the church. The Journal got one or two things crooked. It said "grease weed" instead of "greasewood." That is what Hornady calls "creosote bush," which is correct.

A book I have been reading deals with the region of the "Painted Desert," up near the Utah line. There are some Mormons in that part of Arizona. Mrs. Gray, my landlady, opened up her Indian treasures. Friday evening and showed them to me, and told me about them. She surely has some collection, and the work is simply wonderful. She has three embroidered vests. Part of the embroidery is made of

Porcupine quills. Some people are setting out trees now in Tucson.

The Star says we had the warmest December here that they have had for six years. It is funny to hear folks talk about the cold when it gets a bit chilly. I have got to get me two or three bottles and go to the University and get some Rincon water. It is free there, but costs 12 cents a gallon if you have to buy it. That water is much better for me than the city water. Now I am going to get out and walk home before evening. I intend to go where I have never been before. I will surely have to hurry if I see all I want to before spring.

This city was once a walled town. It is often called the "Old Pueblo."

Monday P. M. I took that walk yesterday, late in the afternoon. If the sky looked as it did when I started, you people at home would be looking for sudden and destructive storms of wind, lightning, horrible thunders, and a down pour of very wet rain. You would have said that I showed no sense at all in starting out to go a quarter of a mile.

Many Styles of Architecture.

The trip I took was great. I went across fifth street to sixth, and then turned east right into the black storm clouds. That end of sixth street is something I never had explored. It is like any other street in Tucson in one way, that is in its ever varying styles of architecture. You turn your head to admire a kind of house, like nothing you ever saw before, and then you see that you have almost missed another interesting one, quite different on the opposite side of the street. In ever increasing delight and wonder, you keep on going, casting admiring glances, as you go, frequently become stares, as you go as slowly as you dare to inwardly thankful that people will recognize you as a tourist and think you are hunting a house, an apartment or at least a room.

The reason that I do not describe some one particular building instead of writing my general impressions, is because I see so many new things that I do not know how to do any of them justice. I found an interesting corner at last, and crossed to seventh street, which I followed as far as it went, and there I found a great building with lovely vines, a big veranda and a wide balcony, which told me in great raised letters fastened on the wall over the entrance that it is the "Mary Platt Industrial School." It is a school for girls of all colors, as I could easily see.

This town has more schools than you could shake a stick at. From the corner I struck off diagonally, still further out to the N. E., past the tennis court and kept on going straight east, seeing new homes all the while, and watching the storm which, I could clearly see was doing its work in the mountains. The fasci-

ination of all these strange pictures must remain quite impossible to one who is not here to see. Every breath of that desert "rain-wind" is as stimulating as wine. One goes on, and on, without thinking of being tired, and when the houses grow few and far apart, one gazes in awe at the ever changing clouds and the mountain tops.

I almost found the "pot of gold" at the foot of the rainbow; for I saw where the end of the rainbow came down to the earth at the foot of Rincon Mountains. The other end was plainly seen over in front of the Catalina peaks.

I do not know when I ever would have had sense enough to come home, had it not been getting toward night. I was away out beyond the University, even beyond the race course. Had that to stop and see my friends the Brashabers, but it began to sprinkle and I hurried on home arriving an hour before church time.

Now is it not queer that a wild goose chase like that takes the soreness out of my lungs for the time being? I feel as though I have been filled with a wonderful elixir, and the effect remains many hours. I feel much better today than I have felt for two weeks. That was the first long walk I have taken—just for the sake of walking—in quite a while. I must take a different street each time and go oftener. That is about the only way I will get well. By the way, that book called "Arizona The Wonderful" can be bought of the publishers for \$3.75 postpaid. It rained a plenty in the night and some more this forenoon, but the sun is shining brightly now. Here it is the 9th of January. Winter here is long in coming and soon in going. Flowers are blooming out of doors in many yards right now, and they do not get frozen either. Be good to yourselves.

—Mrs. S. M. Henderson.

## ASHLAND

Mrs. Frank Sharp of Peoria visited Mrs. W. H. Yancy over Sunday.

Charles Holmes has been very sick the past week.

Dr. Charles McLaughlin, who has been associated with Dr. W. S. Taylor here for some time, has gone to Chatterton, Ill., where he will locate in the practice of medicine.

Mrs. C. F. Douglas spent the past week in Peoria with relatives.

A reception was tendered Mr. and Mrs. Clark Walbaum at the home of his parents, Mr. and Mrs. F. C. Walbaum on Monday evening.

Mrs. Sam Ray visited her daughter Mrs. Ed. Eddings at Tallula last Saturday.

Mrs. Wilbur Moore and two little daughters Ira Joyce and Juanita are visiting Mrs. Moore's parents at Grayville, Indiana.

## W. C. T. U. WILL OBSERVE FIVE ANNIVERSARIES

The Jacksonville Woman's Christian Temperance Union will meet Tuesday, Jan. 31st, at the home of Mrs. N. A. Brannom, 525 East College street, at 2:30 p. m. The program will be as follows: Devotional exercise—The President.

We Welcome You—Mattie Tapp.

**ILLINOIS COLLEGE NOTES**

The special meetings held at Illinois college under the leadership of Dr. Cleland B. McAfee of Chicago, have proved a great inspiration to the whole college community, both faculty and students. Dr. McAfee is a very forceful speaker who convinces the reason as well as moves the heart. Mr. O. E. Pence, the State Student Secretary of the Y. M. C. A. and Henry Best '20, now in charge of the boys' work at Rock Island, were also on the campus during most of the days. Both men were heartily welcomed by the student body. Byron O. Cully, '22 was chairman of the large student committee which had general charge of the meetings.

Illinois college recently received from the War Department a certificate testifying to the service which the college rendered during the war in connection with the Student Army Training Corps. The certificate reads as follows:

"This is to certify that Illinois college, in a spirit of patriotism and of devotion to country, rendered efficient and loyal service in connection with the World War through the establishment and operation at that institution of a unit of the Student Army Training Corps."

The document is signed by P. C. Harris, the Adjutant General, and J. M. Wainwright, the Assistant secretary of war.

Two subscriptions were added to the Endowment Fund during the past week—one of \$250 from a Springfield friend of Illinois college, and one of \$60, from a former student in Tallula.

Edith Emerson '17, who was instructor at Dennison university, at Granville, Ohio, during the past year was married recently to E. C. Boggs. The young couple will make their home at 833 Market street, Zanesville, Ohio.

The Sophomore-Freshman and the Senior-Junior basketball games were held Friday afternoon in the college gymnasium.

The Sophomore won from the freshmen by a score of 10 to 3; and the seniors from the juniors by a score of 12 to 8.

Word has been received of the death of Hardin E. Goodin of Pleasant Hill, Illinois. Mr. Goodin was an alumnus of the class of 1880. Among his classmates were the Honorable Richard Yates, the Reverend Elmer W. Butler, George E. Dewees and Herbert A. Fairbank.

Miss Leulah Ennis '16 has recently been appointed to a very attractive high school position in the high school at New Haven, Conn.

Press dispatches from Chicago mention the probating of the will of the late Hobart W. Williams. In some of these dispatches the amount of his residuary estate, which is to be distributed among five colleges and five charitable institutions, was mentioned as amounting to four million dollars. The correct estimate of the value of the estate is about \$400,000, so that each of the college, including Illinois college, will secure about \$40,000 from this bequest. The bequest is for the aid of worthy students of slender financial means.

Miss Rena Rexroat of Virginia, was in the city yesterday visiting her mother, Mrs. John Rexroat, who is a patient at Our Savior's hospital.

**SALVATION ARMY TO PROVIDE MEALS**

Local Salvation Army officials have made arrangements to provide breakfast for jobless men who sleep in the police station at night. The officials have had tickets printed and have made a contract with Ben Owen whereby he will furnish coffee and cakes to these men upon presentation of a ticket with the O. K. of the chief of police on it. Thus the jobless ones will feel more like starting out to look for work than they would on an empty stomach. It also will prevent the men from going out and begging from house to house to get a meal.

**\* ANNUAL REPORT OF PAS-  
SAVANT HOSPITAL  
AID SOCIETY.**

Through the year, the Hospital Aid society has endeavored to be helpful to the Passavant Hospital in every possible way. The usual meetings have been held and much practical work has been done. At the end of the year, the Society is pleased to report that all its debts and pledges have been paid.

The laundry plant, for which the aid so earnestly worked, is now completed and in operation. It is a neat, substantial structure equipped with the best and latest model of laundry machinery, and the work done is said to be very satisfactory.

Another matter of interest to the aid was the furnishing of an obstetric room, much needed, toward which the Aid gave one hundred dollars. Ten dollars was also given toward the free bed fund.

The Aid also found much pleasure in aiding in the refurbishing and re-decorating of the superintendent's room.

A day has been named, to be observed annually, as "National Hospital Day." May 12 is the date chosen in honor of the birthday of Florence Nightingale, who devoted her life to nursing the sick, and was the pioneer woman in hospital work. A community basket picnic was held on the Passavant Hospital lawn on this date, to which the whole community was invited. The Hospital was thrown open to visitors and the Aid served coffee to all.

The churches of the city, and many in the community, have done most splendid work for the Hospital throughout the year, assisting in every way, by days of sewing, gifts of money, collections of fruits and supplies, and the making of much needed surgical dressings.

Below is a report of the Church Aid societies and their donations:

**State Street Presbyterian Church.**  
232 qts. fruit, 15 glasses jelly, 16 boxes cereal, 7 cans cocoa, 3 lbs. peaches, 3 boxes raisins, 1 gal. molasses, 1 veal loaf, 3 lbs. honey, 4 lbs. tea, 2 lbs. rice, 1 bottle catsup, 2 pkgs. tapioca, 3 bu. potatoes, 41 lbs. sugar, 6 lbs. coffee, 1/2 bu. apples, 6 pumpkins, 1 pk. turnips, 16 grape fruits, 3 cans jello, 2 lbs. beans, several days sewing, 12,313 surgical dressings.

Mrs. Walter Ayers and Miss Ayers personally, made 10,144 surgical dressings.

**State Street Presbyterian Sunday School.**  
1650 surgical dressings, 9 qts. fruit, 10 lbs. rice, 3 glasses jelly.

**WOMAN'S COLLEGE NOTES**

Miss Nelle Taylor of New Berlin and Mrs. Leda Ellsberry Bird of Kansas City were guests at the college Wednesday of this week.

Registration for all regularly enrolled students will take place Monday morning, January 23rd. The college recently adopted the system of registration similar to that used at the University of Illinois. By this system it is possible to enroll a great many students in a very short time with the least amount of mistakes. The system of keeping records has also been greatly improved the last year. The new semester will begin on February 7. Eight additional students have so far registered for work the second semester. An unusually large number of requests have been received asking for literature describing courses that will be offered for the mid-year. It is expected that several more will register between now and the opening of the semester.

Semester examinations will be held beginning January 31 and continuing the rest of the week.

Through the courtesy of the Ministerial Association a church directory has been placed in the front hall. This will be quite a convenience and a great accommodation to both faculty and students. The directory is most pleasing in general appearance and is a great credit to the Ministerial Association.

Miss Margaret Merker, pianist, Miss Grace Terhune, vocalist, and Miss Josephine Rink, reader, gave part of the entertainment for the American Legion in their hall on the 17th.

President Barker reports most interesting meetings of the Board of Education in New York City, where he is at the present time. A number of matters of important policy have been up for discussion and decision. He will probably return to Jacksonville not later than Tuesday or Wednesday of this week.

Miss Marian DePew was installed as President of the Theta Sigma Society Friday evening, January 20th, with very impressive ceremonies. At the conclusion of the formal part of the program the society enjoyed a five course luncheon. Miss Flo Dikeman was in charge of the luncheon arrangements.

The Y. W. C. A. girls are hostesses to fifteen or more members of the Young Woman's Industrial Club of Springfield, and a conference on subjects especially interesting to industrial workers will be held in the social room Sunday afternoon. The Y. W. C. A. cabinet will serve a special luncheon this evening for their guests in the Home Economics kitchen; this will be followed by a social evening in the gymnasium in which each of the college classes will present a special stunt.

You can get "White Rock" Gas and Kerosene, in any quantities, delivered to your home in city or country. Call Ill. phone 1830.

Miss Bess O'Connell of Winchester, was visiting friends in Jacksonville yesterday.

## ARENZVILLE RESIDENT IS LAID TO REST

Funeral of Mrs. Lucy Treabert Was Largely Attended—Other Arenzville News Notes.

Arenzville, Jan. 21.—The funeral of the late Mrs. Lucy Treabert was held at the Presbyterian church Monday afternoon at two o'clock, in charge of Rev. Mr. Mitchell of Decatur. Music was furnished by Mrs. William Davis, Misses Grace Lovekamp and Edna Kercher, Messrs. Joseph Dresbach and Charles Shafer, with Mrs. Joseph Dresbach as pianist.

Interment was made in the Arenzville cemetery, with the following serving as pall bearers: Robert Willy, Rolland Willy, Edward Shrewsbury, J. A. Weeks, Fred Klokner and John Hofstetter.

The death of Mrs. Treabert came Saturday morning following an illness of several weeks at the home of her brother, Harry. She deceased spent most of her life in this city and was known to a great many residents, all of whom regret her death. She was a member of the Presbyterian church and her life was one which fully accorded with the teachings of that denomination.

Samuel Bates, Albert Weeks, Edward Shrewsbury and George Brockhouse were Beardstown visitors the first of the week.

The L. O. O. F. and Rebekahs entertained at their hall Friday evening fifty of their friends at a social and banquet. Games and various contests were enjoyed until 11 o'clock, when a delicious dinner was served. The evening was a very pleasant one for all present.

John Stock returned recently from Springfield where he spent several days with his brother, Philip, who is a patient at a hospital there.

Mrs. Henry Zahn went to Meredosia the first of the week to visit her sister, Mrs. Unland, who has been ill.

J. A. Weeks and Edward Shrewsbury drove to Meredosia recently for a visit with friends.

George Brockhouse was a business visitor at Jacksonville recently.

Mrs. Arthur Crum of Virginia was here Monday to attend the funeral of the late Mrs. Lucy Treabert.

Mr. and Mrs. John Schweer and Mrs. Henry Zahn attended the funeral of the late Henry Hierman of near Chandlerville.

Mrs. Opal Blair of Chapin was a week-end guest of her mother, Mrs. Holstetter.

EXECUTORS' SALE  
At the home of the late T. E. Rea, 1 1/2 miles south of Woodson, Ill., Feb. 7, 1922, at 10:00 A. M., sharp, horses, mules, hogs, grain, farming implements, tractor, Ford Roadster and Truck combined, and many other articles.

Conveyances will meet all trains at Woodson.

Lunch served.

John W. Rea, and J. Weir Elliott, Executors.

## JOY PRAIRIE

Quite a number from this vicinity attended the dance given at the M. W. A., hall in Jacksonville recently.

Samuel and Ruel Challiner were Saturday morning visitors in Meredosia.

Born to Mr. and Mrs. James Martin at Passavant hospital a son.

**Peterson Bros.**

Distributors of the Celebrated Westinghouse Batteries, Standard Auto Accessories and Supplies.

320 East State Street.

**1/4 Pound or 4 oz. Short**

You wouldn't think of paying for a dozen oranges and accepting nine.

If you don't know what you are getting, that's exactly what may happen when you buy some brands of baking powder that used to be put up in 16 oz., or full pound cans and now come in 12 oz. or 3/4 pound cans. Of course the weight is marked on the label, but the can may look as large as usual to you.

Don't take chances—look at the can—know how many ounces of baking powder you are getting.

One safe way is to always buy Calumet. You know the large can contains 16 oz. or a full pound—that nothing has been taken from the quantity or quality.

Calumet has more than the ordinary leavening strength. You don't have to guess—you know you use less. It is pure and sure.

# THE EMERALD

One of the World's Three Precious Stones

The Emerald and the Ruby have been classed in all ages as the most precious of jewels, the latter because of its color being considered by the purely romantically inclined as heading the list.

But the Emerald has not lacked it following among those of great wealth.

The term "Indian Emerald" is applied to the specimen of warm, velvety, grass-green stones which resemble those in the treasures

of the old Indian princes.

The Columbia Emerald is a warm, yellowish green, while the Siberian has a distinctively cold bluish-green color.

The "Indian Emerald" came from mines unknown today.

The Emerald is a stone of beauty and romance and can be had in many beautiful settings, at very fair prices.

If you are considering a birthday or anniversary gift, let us show you Emeralds.

## Church Services Today

The Salvation Army, 108 East College avenue—Sunday school at 2:30 p. m., Epworth League, J. Lloyd Read, president. There is a large attendance of young people at each meeting. Young people of the colleges and high school will find these meetings interesting and helpful. 7:30 p. m., evening worship. Theme of sermon: "Not Far From the Kingdom." The program of music for the day will be for the morning service "Out of the Deep"—Surette. "I Heard the Voice of Jesus Say"—Huerta. For the evening: "O Saviors of the World"—Goff. And a male quartette. The School of Religion at the Illinois Woman's College will meet on Tuesday evening at 7:30. Prayer meeting on Wednesday evening at 7:30.

Central Christian church—Myron L. Pontius, minister. 9:30 is the hour for Sunday school. B. O. Roodhouse, superintendent. Morning worship at 10:45. Sermon on the theme: "Rest for the Weary." Evening service at 7:30. "Does Prohibition Prohibit?" is the topic for the Five Minute Talk. Theme of the sermon: "A Sacred Vow." The quartet will sing the anthems "I Will Praise Thee O Lord," (Peace), "Jesus My Saviour," (Kevin). Mrs. Carl E. Robinson will sing the solo, "Jesus, the Very Thought of Thee," (Brewer). At the morning service, Christian Endeavor services at 6:30. All not attending services elsewhere are cordially invited to be present.

Westminster Presbyterian church, Corner Westminster street and West College avenue—Sunday school at 9:30 a. m. Miss Margaret Moore is leader of the Students' class. Kindergarten class taught by Mrs. Stanley I. Davis at 10:30. Morning worship at 10:45. Rev. Thomas W. Smith will preach upon "Christ's Message to the Church at Thyatira." Hold Fast. Miss Louise Miller will lead the singing and give a solo. Evening worship at 7:30. The pageant, "The City Beautiful," (written by H. Augustine Smith), will be given by sixty Christian Endeavors assisted by several soloists. These young people have been rehearsing under the direction of Mrs. Thomas W. Smith. The service will be opened with the singing of two hymns illustrated by moving pictures. This pageant is designed to deepen our faith in the possibility of having a Christian city in which the children will be given every assistance and opportunity, and from which hidden iniquity and injustice shall be driven. Dr. Smith will give a brief address. The Boy Scouts, Troop Eight, will meet at 7:45 Monday evening for the study of Scoutcraft and Thurs-

day evening in the Illinois college gymnasium. On Wednesday evening the pastor will continue his blackboard talks, the subject being "How May I Know I Am a Christian?" On Thursday afternoon at 3 o'clock the Ladies Aid society will hold an important business meeting.

Salem Evangelical Lutheran church, East College street—Rev. J. G. Kupper, pastor. Third Sunday after Epiphany. Sunday school at 9 a. m. Public worship in English at 10 a. m. and 7:30 p. m. German at 11 a. m. Subject: "Who Are the True Disciples of Jesus?" Evening: "The Fourth Commandment." A cordial welcome to all.

Trinity Episcopal church—J. F. Langton, Rector; H. M. Andre, Senior Warden; Prof. J. C. Ames, Junior Warden. Third Sunday after Epiphany. Early service at 7:30. Sunday school at 9:30. Morning prayer and sermon at 10:45. Evening prayer and sermon at 7:30. Tuesday all day meeting of Guild with special meeting for business at 1 o'clock. Wednesday evening at 7 o'clock in the Guild house. Evening Guild in charge of Mrs. Lena Williams.

First Baptist Church—The Student Class under leadership of Prof. Lacy extends a hearty welcome to their colleagues who during the special meetings conducted by Dr. McAfee, gave their hearts to Christ. Begin Sunday at 9:30 a. m. in the "upper room." City councils are being asked to recommend to Congress the restoration of "light wines and beers." It would be humorous, if it were not serious. Rev. A. P. Howells will preach on the subject at 10:45 a. m. The title of his sermon will be, "Is Prohibition a Joke?" You will enjoy the special music. The school of Missions continues with increasing interest. The hour is 6:30 p. m. The Intermediates carried off the attendance record last Sunday, with the adult class a close second. Be one of the one hundred. At 7:30 p. m., the World Wide Guild and the Intermediate B. Y. P. U. will give a missionary play entitled "An Afternoon in a Chinese Hospital." Free clinic, Hobbie in. It was some prayer meeting on a snowy evening last week, not in numbers but in interest. An effort will be made to reproduce it on next Wednesday at 7:30 p. m., when the subject will be "God's Care of the Individual."

Brooklyn M. E. church—G. W. Randle, pastor; J. H. Reid, Sunday school superintendent. Sunday school will begin promptly at 9:30 a. m. Public worship conducted by the pastor at 10:30 a. m. Subject: "Baptist of Christ." Evening at 7:30. Theme: "Treasures of the Snow." Epworth League at 6:30 led by Kathryn Randle, the second chapter of John Wesley, Jr. Prayer meeting Wednesday evening at 7:30 o'clock. School of Religion at the Illinois Woman's college Tuesday evening at 7:30 o'clock.

Centenary Methodist Church—C. D. Robertson, pastor. The recovery from the holiday slump was complete last Sunday, with attendance in all the departments of the Sunday School and at the preaching services up to normal and all functioning in regular fashion. This should be a day for raising the standard of normality and marking an increase and advance. There really is no reason why anyone should spend Sunday anywhere but at church. There are many excuses for it, but an excuse is something invoked when one has no reason. The Sunday School has a class and a welcome for everyone. Supt. Metcalf and his corps of able teachers will make it pleasant and profitable for all who come. The pastor will preach in the morning on "The Tears on God's Face." In the evening, the theme will be "Some By-products of Religion." Mrs. C. D. Robertson will lead the Epworth League meeting at 6:30 p. m. And there is the Go-to-Church club. It has a membership now of more than 150. And it makes a marvelous showing when they all group together at the front of the church. A part of the service each Sunday morning will be especially for these boys and girls. There is still time to join for this quarter. There are ten Sundays left in the quarter and perfect attendance from now on will qualify for the good time which closes each quarter. Convenient to the hotels, this church extends a special invitation to strangers in the city. All will find a cordial welcome and a home-like atmosphere.

State Street Presbyterian Church—Rev. W. H. Marbach, pastor; J. M. Tomlinson, S. S. Supt.; Mrs. Barr Brown, choir leader; Mrs. H. Ayers Billard, organist. Spend Sunday profitably by attending church. If this is the one of your choice come with us. Morning worship at 10:45 o'clock, led by the pastor. Sunday School with Bible classes for all ages at 9:30 a. m. Young People's C. E. Society at 6:30. Evening service at 7:30 o'clock. Bring your Sunday evening caller with you. Welcome!

Grace Methodist Episcopal Church—Thos. H. Tull, pastor. 9:30 a. m. Sunday School. T. V. Hopper, superintendent. Interesting and helpful Bible studies for all ages, and taught by capable teachers. A splendid orchestra under the leadership of John Kearns enlivens the music at each session. If you do not attend elsewhere you are invited to become a member of this school. 10:45 morning worship. Theme of sermon: "Building the Church of God." 2:30 p. m., Intermediate League. Miss

Agnes Davis, superintendent. 6:30 p. m., Epworth League. J. Lloyd Read, president. There is a large attendance of young people at each meeting. Young people of the colleges and high school will find these meetings interesting and helpful. 7:30 p. m., evening worship. Theme of sermon: "Not Far From the Kingdom." The program of music for the day will be for the morning service "Out of the Deep"—Surette. "I Heard the Voice of Jesus Say"—Huerta. For the evening: "O Saviors of the World"—Goff. And a male quartette. The School of Religion at the Illinois Woman's College will meet on Tuesday evening at 7:30. Prayer meeting on Wednesday evening at 7:30.

Bethel A. M. E. Church—R. M. Hackley, minister. The revival meeting that was advertised for the month of January will continue two weeks longer. Dr. Bray closed his part of the meeting here to fill an engagement in Springfield. The meeting will be continued and conducted by the well known and loved Gospel singer and evangelist, Mrs. Carrie E. Willis, who assisted Miss Martha J. Keys in her successful meeting last year. Mrs. Willis will appear at all of the Sunday services. 11 a. m. and 7:30 p. m. The public is cordially invited to hear this wonderful woman.

First Church of Christ Scientist, 523 W. State street—Sunday morning service at 11 o'clock. Subject of the Lesson sermon: "Truth." Sunday school at 9:30. Wednesday evening Testimonial meeting at 8 o'clock. The reading room is open each week day from 3 to 5 p. m. The public is cordially invited to attend church services and to visit the reading room.

Congregational Church—George E. Stickney, pastor; Mrs. A. R. Gregory, choir leader; Mrs. G. E. Stickney, organist. Church school at 9:30. Dean G. H. Scott, superintendent. Dr. Post's Bible class meets at 10:00. Morning service at 10:45 with sermon by the pastor. Christian Endeavor service at 6:30. Community Forum at 7:30. A. E. Holt of Boston will speak on the subject: "The Tragedy of Central Europe." Mr. Holt spent several months in Central Europe this summer studying the social and industrial conditions under the auspices of the Social Service Commission. This will be one of the best numbers of the Forum season. Don't miss it. Other appointments for the week are as follows: Monday Junior Scouts at 4:00. Tuesday, all-day meeting of the Ladies Aid at the Pilgrim Memorial, Yofasovi Campfire meets Wednesday; Boy Scout Troop No. 6 at 4:00; prayer meeting at 7:30. Thursday, Okihe Campfire. Saturday, the Aokiya and Oceca Campfires meet. Library open from 2:30 to 5. Choir practice at 5. "You'll like it at the Congregational church."

Second Presbyterian Church. There will be Sunday school at 10 a. m. and preaching morning and evening. Rev. J. B. Parsons, superintendent of Missions for the colored department, of the Illinois Christian Missionary society, arrived in the city Friday evening from Decatur and he will preach. Mr. Parsons is a deep thinker and a careful speaker, he received his college degree in 1906, and has been preaching in the Christian church 25 years. His subject will be, 11 A. M.: "A New Creature in Christ." 7:30 p. m.: "How to Know a Disciple of Christ." Rev. Parsons will leave Monday morning for Champaign to conduct a ten days meeting. The public is cordially invited to come and hear him.

Clarence Hawker was among the city arrivals from Franklin yesterday.

**Mid-Winter Tire Sale**

We are offering these Sensational Tire Bargains in order to stimulate winter business in tires. In order to do this we are going to give you part of Our Profit.

A REAL GUARANTEE HERE

We realize that people are not looking so much at the name on the tire. It is the name above the door that counts. You want to buy where you can get service and get it quickly. Therefore we make all adjustments in our own store, right here, at once. We act as a factory branch. No red tape to adjustments here. You do not have to fill out and sign up a large blank of particulars and then WAIT.

This sale begins at once and will continue for a limited time. We do not believe tires will be cheaper; in fact, the market on tires is turning upward. Buy now at prices you cannot duplicate in the spring.

THE MOST BEAUTIFUL CAR IN AMERICA

Reduced Prices on all 6-66 Models

Every car in this famous line has been sweepingly reduced. The reductions range from \$680 to \$800.

This is the news that thousands of people have been hoping for—and waiting for. It means the amazing opportunity to buy a seven passenger 6-66 for as little as \$2195. It is not merely a chance to save money. It is a chance to own the Master of the Highway, the one car that every motorist respects and desires above all others.

And remember one other point, please: The 6-66 of 1922 is the fully perfected product of the Paige Engineering and Designing staffs. It carries a wealth of refinements that were undreamed of during the past year. It is an infinitely finer car—an infinitely handsomer car—all this and a very greatly reduced list price.

The New 6-66 Prices

## SHORT SELLING OF SELECTED ISSUES

By Associated Press.  
NEW YORK, Jan. 21.—Early tendencies towards improvement in the stock market today were nullified by the resumption of liquidation and short selling of selected issues of the industrial variety.

Of these Galt States Steel was the most conspicuous example making a further decline of 7 1/2 points to 64, that quotation representing an extreme reaction of 26 1/2 points from yesterday's high. Republic Steel, another recent speculator feature, sustained a net loss of three points at 32 or a total of nine points from yesterday's maximum. Other steels, notably those mentioned in merger rumors were lower by one to three points.

Clearing house loans and discounts showed an actual contraction of \$52,561,000, or almost three times the expansion reported last week. An increase of 23,467,070 in actual cash holdings lifted excess reserves to approximately \$40,000,000.

FOR SALE—42 1-2 acres of valuable land 18 acres in wheat 24 miles from south end car line. Ill. Phone 70-416 Robert Rook 1722 South Main Street. 1-19-5f

FOR SALE—Public garage, new brick building 30x70 ft., concrete floor, equipped for tire and tube vulcanizing, battery charging, acetylene welding, and general repairing. Air service and filling station. Now renting at better than 12 percent on price asked. Can have possession, or will lease by the year. W. T. Watters, Pearl, Ill. 1-10-1mo

## MISCELLANEOUS

AUTO Tops, Side Curtains, Seat covers and carpets built and repaired. Windshields and sedan door glasses put in at the Auto Inn top department. 12-25-1mo

LOST—1922 license plate 23-292 together with tail lamp and number bracket, between Winchester and Bluffs. Heller's garage, Bluffs, Ill. 1-22-1f

## CASH GRAIN REPORT

By Associated Press.

CHICAGO, Jan. 21.—Corn held the center of interest in Chicago's cash grain markets today. With heavy receipts in sight for Monday traders refused to buy on the basis of the advance in futures, feeling confident that they could fill their orders without paying Saturday's prices. Country offerings were fair with some sold direct to Baltimore for export. Local cash sales comprised 3,000 bushels of wheat, 225,000 bushels of corn, including 200,000 to exporters and 87,000 bushels of oats.

## Chicago Livestock Market

(By The Associated Press)

Chicago, Jan. 20.—Cattle—Receipts, 500. ## NEW WHITE HALL PASTOR MARRIES

Rev. E. L. Ellison, New Pastor of First Baptist Church at White Hall Married Recently—Other White Hall News.

White Hall, Jan. 21.—Information reached the public today of a marriage ceremony that involves the new pastor of the First Baptist church, Rev. E. L. Ellison of Villa Grove, Ill. The bride was Miss Mae Swinford, and the ceremony took place at Villa Grove the week before Christmas. Rev. Ellison is now engaged in a series of meetings at Charleston, expecting to be at White Hall by the middle of February with his

bride, to begin his new pastoral duties. James Egan, has now received papers giving him a clean bill of fare from the government, even to the parole which he has served in recent months. Egan made a splendid record during the World War, and the stigma growing out of later unfortunate circumstances has been completely removed by documents that place him on an honored list among the veterans of the World War. The outcome of the case has given Egan cause for joy, and his joy is shared by all those who have always marveled at his soldierly qualities.

Corder & Adams is the name of a new firm that will engage in the business of repairing harness in the Lowenstein tenant house on Carrollton street. They come from Melville, Ill., and expect to be ready for business in about two weeks.

One of the largest funeral services held at Wrights was that for the late Elias Doyle at 11 o'clock today in the Baptist church at that place. The deceased was the father of J. L. Doyle of White Hall, and was one of the wealthiest land-owners in Greene county, owning more than a thousand acres and possessing other valuable holdings. The discourse was delivered by Rev. Thomas N. Marsh of Alton, and the burial was in Hickory Grove cemetery. The deceased was in his 81st year. His death occurred in his home at Wrights at 7 a. m., Wednesday, the result of an operation for kidney and bladder trouble a few days before. The wife and son are the only surviving members of the family. The deceased was a man of many admirable qualities. Mrs. M. A. McCracken and Thomas Herrin attended the funeral of Alfred Lovell in Rockbridge Friday. The deceased was the father of Mrs. O. A. Carmean, formerly of White Hall, now of Jonesboro, where her husband is pastor of the Baptist church. The age of the deceased was 71 years.

## NINE MILLION DOLLARS TO INJURED WORKMEN

Annual Report of Illinois Industrial Commission Shows Benefits Under Workmen's Compensation Act.

Of unusual interest to employers of labor and workmen engaged in hazardous employments, is the annual report of the Illinois Industrial Commission, which has just been made public. The commission is composed of Ernest Withall, chairman, of Chicago; Robert Eadie, of Springfield, and C. H. Kunnemann, of Granite City; Albert V. Becker, of Chicago secretary. The headquarters of the Industrial Commission are in the City Hall Square Building, Chicago. We quote the following from the report:

Usually reports of this nature are composed largely of statistical tables and figures; yet the compilation of statistics is a mere incident to the work, and from them alone it would be difficult to derive an accurate impression of the activities and important public service rendered by the Industrial Commission, both from a sociological and judicial point of view. For a true comprehension of the work of a commission of this nature, one must keep in mind that its functions are twofold. It is a matter of common knowledge that prior to the passage of the compensation law, a great volume of the work of the courts had to do with suits for damages for injuries sustained by employees in the course of their employment. Charities both public and private found their time and funds largely occupied in caring for workmen and their families during the long period of waiting which the old-fashioned lawsuit entailed and the outcome of which was doubtful under the most favorable circumstances.

Humanitarianism Needed. The Compensation Act was enacted as remedial legislation, but overshadowing its legal aspect, it is based upon a humanitarian principle. To preserve that principle the administration of the Act must be humanitarian. At every point of contact which the Commission has established between employer and employee, it has sought to foster a feeling of sympathy and conciliation, a spirit of kindness which takes away from both parties that vindictive attitude which makes for endless litigation. In the pursuit of this object the Commission has had, as a whole, the hearty cooperation of employers, employees and insurers. The intention of the Compensation law is that its provisions shall operate to a great extent automatically, and that in the event of injury, the employee shall receive the full benefits prescribed, speedily and ungrudgingly, and that the interests of the parties, truly understood, are not essentially antagonistic.

As time goes on this doctrine is becoming more and more understood in its practical application. The success of the Industrial Commission in familiarizing both employers and employees with their rights and causing them to take a proper attitude toward each other, cannot be better illustrated than by reciting the fact that during the year last past over 50,000 accidents were reported to the Commission, while less than 7,500 claims were filed for arbitration; in other words, approximately eighty-five per cent of the accidents have been adjusted without recourse to arbitration. The increase in the work of the Commission is made apparent by the fact that in the year 1915 there were 12,240 accidents reported, as against 50,585 during the year past. The increase is at first sight appalling but to a very considerable extent we think it is to be accounted for by the fact that the law becoming better known and understood, is more generally observed, and that whereas in 1915 only a small fraction of accidents were reported, at the present time nearly all industrial accidents involving a disability of more than six working days are reported in the manner required by law.

### Method of Procedure.

In a very large proportion of the claims filed with the Commission the only dispute has been as to the nature and extent of physical disability and the amount of compensation due; and in fatal cases, the question of whether or not death was the result of the accidental injury. When such a dispute arises an application for adjustment of claim is filed and a hearing had in the vicinity of the accident, before one of the arbitrators in the service of the Commission. The arbitrator then enters an award in accordance with the evidence presented. About twenty per cent of these cases are filed for review to the Commission itself. The efforts of the Commission have been largely taken up with the adjustment of these disputes. In this work the assistance of the medical department of the Commission has been of incalculable value. A great number of cases, where the only dispute has been as to the nature and extent of disability, have been referred to the medical department for examination and advice, without cost to the parties. This has resulted in the certainty of an impartial examination and often saving to the litigants the expense of bringing in expert medical witnesses to testify.

The report further shows that during the year last past there were reported to the Commission 597 fatal accidents and 49,988 accidents involving a temporary total disability of more than six working days. Compensation awarded in fatal cases amounted to \$1,775,030.00. In non-fatal cases the enormous sum of \$7,535,679.00 was awarded; a grand total of \$9,290,709.00. Of this

amount \$731,911.00 was paid for medical fees and funeral expenses. Of all the industries covered the greatest amount of compensation paid out as a result of injuries was in the coal mining industry, in which a total of \$3,032,253.00 was paid. Metal products, machinery and implements food beverages and tobacco, erecting, and cartage and storing, follow in the order named.

Injuries Classified. The greatest number of injuries were to the upper extremities, followed by head injuries. Cuts, punctures and lacerations were most frequent, closely followed by fractures. There were 44 cases in which it was found that the injured employee was totally and permanently disabled from pursuing any work. There were 2,494 cases in which specific loss of some member was sustained, and 1871 cases resulted in disfigurement to the face, head and hands.

The greatest number of accidents were caused by objects being handled, followed by objects falling, and vehicles, in the order named. There were 48,987 males injured and only 1916 females. While there is little variation in the number of accidents shown in any particular season, the month of August leads with 4,676, of which 64 were fatal. This is probably to be accounted for by the fact that outside construction work is at its height in this season of the year.

NOTE—Weihl-Made clothing is strictly hand-made and perfectly finished to the smallest detail, giving the wearer a distinction and individuality possible in no other manner.
